## COLLEGE PROFILE

**H**indu College is recognized as one of the premier academic institutions in the country. It stands tall in public esteem and also in the memories of its alumni, many of whom are now prominent figures in government, business and industry, the media and education. Notwithstanding its name, students from all religions have grown up here and excelled in the chosen areas of their interests, be it academics, sports, or extra-curricular activities.

Hindu College was founded more than a century ago in 1899, by Late Shri Krishan Dass ji Gurwale. In the backdrop of the nationalist struggle against British rule, some prominent citizens including Shri Gurwaleji of Delhi, decided to start a college that would, while being non-elitist and non-sectarian, provide nationalist education to the youth. Originally, the College was housed in a humble building in Kinari Bazar, Chandni Chowk, and was affiliated to Punjab University as there was no Delhi University at that time. As the college grew, it faced a major crisis in 1902 due to inadequate infrastructure. But fortunately, at this point, Rai Bahadur Sultan Singh generously donated a part of his historic property, (which originally belonged to Col. Skinner) at Kashmere Gate, to the College, thereby enabling it to function there till 1953, following which, it moved to its present location in Delhi University.

Hindu College was a centre for intellectual and political debate during India's freedom struggle, especially during the Quit India Movement. This is the only College in Delhi to have

a Students' Parliament since 1935, which in fact, provided a platform to many national leaders including Mahatma Gandhi, Pt. Moti Lal Nehru, Pt. Jawahar Lal Nehru, Sarojini Naidu, Annie Besant, Mohammad Ali Jinnah, and Subhash Chandra Bose for motivating the youth. Responding whole-heartedly to Gandhiji's Quit India call in 1942, the college played a leading role in India's freedom struggle as some teachers and students of the College even went to prison.

The College has seen remarkable growth over the years. And, today it is not only one of the most distinguished graduate and postgraduate co-educational institutions in the country, but is also, by many accounts, the college of first choice in Delhi. It boasts of an accomplished faculty of about 140 members, and about 3600 students. The College is also proud of its efficient and very supportive administrative/non-teaching staff. It offers a number of courses in the Science, Humanities and the Social Science Streams. The College also has a rich collection of books and journals in its library, well-equipped laboratories, the NSS and NCC Rooms, etc. There is also a Students' Centre that offers the facilities of a seminar room, bank, computer room, stationery shop, and a photocopier, etc. Spread over twenty five acres of land, the College premises are housed in one of the prime locations of the North Campus of the University of Delhi, well connected by road and the Delhi Metro. The college campus is well known for its well-maintained gardens and lovely trees, a vast sports ground, and a men's hostel which can accommodate nearly 200 students. The College also has one of the finest auditoria in Delhi, a state-of-the-art seminar room, and last but not the least, its very own canteen where the eatables can get as sumptuous as the discussions. The work for the infrastructure development is underway. This includes the new Academic Block, and Girls' hostel which would accommodate nearly 150 students.

The College provides a liberal, lively and competitive environment enabling students to carve out a niche for themselves in their chosen arenas. Besides the infrastructural facilities, the strength of the College lies in its congenial and enriching atmosphere, which plays a crucial role in maintaining the excellent record the College is renowned for. Generations of students who have been groomed in this College have excelled in different walks of life, with the years spent in the College providing them a solid foundation on which they could craft their success. The College is committed to providing leadership and direction for the times ahead in every sphere of human enterprise and endeavor.

Hindu College celebrated its centenary in February 1999, renewing its commitment to the values and goals that it was founded on, and has stood for, since its inception. As part of the centenary celebrations, the Distinguished Alumni Awards were instituted, under the able leadership of Mr. Lalit Bhasin, an eminent lawyer. These Awards are conferred on those of its alumni who have made significant contributions in their fields. There are two additional awards, namely Lifetime Achievement Award and Young Achievers' Award, which also go to distinguished alumni. The Alumni Association has evolved, over the years, into a dynamic and vibrant body. It contributes actively towards the development and cultural activities of the college.

## Department of Physics

The Department of Physics is one of the oldest Department of Hindu College. It has made significant contribution to the growth and the development of the College as an Institution. The principal aim of an educational institution is to transform the young minds into enlightened individuals. The Physics Department has always emphasized adherence to high ethical values within the academic community of students and teachers. The Teacher-Student relationship has seen a paradigm shift over the years. The Teachers are not only the 'Mentors', but also the 'Friends', on whom students can depend in hour of need. With a committed and a highly accomplished faculty, vibrant environment for innovations and excellent performance record of the students, the department attracts the brightest of students from 10+2 stream.

The faculty members, with specializations in different areas of Physics, place great emphasis on teaching as well as research work. The department has two well-maintained laboratories which are being upgraded every year with latest equipment. It has a computer laboratory equipped with latest facilities and research labs in which the students can carry out their project work, play around with the concepts of Physics, give shape to their innovative ideas and exhibit their creative skills. Classrooms and labs are equipped with projectors for efficient and hi-tech teaching. The department has highly qualified and dedicated faculty, some of whom are working on different research projects and are also engaging students in research work. The faculty members have research papers and well written articles, in renowned journals, to their credit. They have been contributing immensely to the corporate life of the college. Many of them are actively involved in the Administrative work of the Institution. In addition to the teaching of B.Sc. (Hons.) Physics course, the department has the responsibility of running the B.Sc. Physical Science (Electronics) course. The department also shares the responsibility of teaching the B.Sc. Physical Science (Chemistry) course. With a history of many decades of academic pursuits alone, it was realized, that the creative energy of the students also needed to be channelized. This laid foundations for the department festival "QUARKS", along with the release of its magazine-QUARKS. This has become a regular feature now and the Physics society "EUREKA" organizes its annual festival every year. Among the various events of the festival that include paper reading, quizzing, debating, poster presentation etc., the lecture series and panel discussions by eminent physicists, remain the major highlight. In addition, the Physical Science with Electronics society 'ACME', organizes its annual festival 'VIVACE'.

Since its inception, QUARKS-the annual publication of the department, has been a platform for students to express their views and articulate their interests. The articles deal with the analysis of physical concepts. These include the explanations of established theories and various other phenomena of our everyday life. Creativity finds its expression in the design of the publication. Our students have consistently performed well in the University examinations securing top positions. They have been getting admission, for higher education, in top most universities/Institutions like IITs, Indian Institute of Science Bangalore, TIFR etc., in India and universities abroad. Our students have also carved their niche in various professional areas – Civil Services, Defence Services, management, R & D's etc.

## Department of Statistics

At the undergraduate level in Delhi University, Statistics at Hindu College was the first in its league. It premiered in the year 1975, post which others followed this suit in the subsequent years.

From social networking to cloud computing to gaming, there is no field untouched by large amount of data – structured or unstructured. Adopting a scientific approach for analysing such data is the key to extraction of information. In this regard, Statistics as a subject plays a predominant role. It has wide ranging applications in areas such as the Google Intuitive Search, insurance premiums, "Shuffle Feature" on the iPods or other music players, Duckworth/Lewis Method in cricket etc.

The Department has a permanent faculty of committed teachers who specialize in various academic fields of Statistics like Inference, Stochastic Modeling, Prediction Theory, Biostatistics etc. Besides regular teaching, the faculty members are also involved in research projects and publishing books. In an age overwhelmed with data, students possessing a first or second degree in Statistics are high on demand. With flourishing job opportunities and immense scope to rise, it is definitely the need of the hour. To name a few-Civil Services, Indian Statistical Services, Management Schools, Actuarial Sciences, Analytics.

The Department has a vibrant society, which organizes its annual function 'KURTOSIS'. The festival includes a series of academic lectures, quizzing, debating etc.

## Department of Zoology

The Department of Zoology of the College is one of the coveted departments for pursuing further studies in the field of Animal Sciences by the Biology students qualifying their Board examinations, every year and is in fact, the institution of their first choice. The Department, therefore, attracts some of the best talent from the +2 stream every year. The Department of Zoology has an accomplished faculty having specialized in diverse research disciplines namely, Cell Biology, Entomology, Fish Biology, Immunology, Neuroendocrinology, etc. The department has successfully completed 5 research projects funded by UGC, DST and Delhi university Innovation projects. The Department has produced 2 Ph. D. students under the supervision of Dr. Soma M. Ghorai on the thesis entitled "Study on reptilian pattern recognition receptors with special emphasis on Toll-like receptors in *Hemidactylus flaviviridis*" and entitled "Autologous Transplantation of in vivo genetically modified spermatogonial stem cells. The University of Delhi awarded two Innovation projects to 3 of the faculty members jointly with some members of the Department of Chemistry, in the year 2015.

The informal attitude of the faculty and laboratory staff of the Department provides an easy and interactive atmosphere conducive for learning and personality development. No learning can be complete only within the four walls of the classroom. The Zoology Department has a vibrant society aptly named 'GENESIS', which conducts a number of extra-curricular activities throughout the year with the aim of nurturing the budding scientists for their all-round personality development. 'Genesis' offers the students a chance for self-expression and self-assertion and helps them imbibe good social and moral values. As the planning and execution of the various activities of the society are carried out by the students themselves, this inculcates in them a sense of responsibility and brings to the fore dormant leadership qualities which are so sorely needed in today's competitive world to get that extra edge to stand out amongst the crowd. Our students have brought us laurels, and each year, we have been getting the top ranks in the University.

The alumni have been able to carve out a niche for themselves in their chosen areas of specialization. The up-gradation of the infrastructure is an ongoing process in the Department. Students are also exposed to hands on research in addition to their usual curricular activities. The Department has a well-organized Museum, its own computers with internet connections, a digital library with a collection of the latest editions of over 1400 books, a rich collection of research/ review papers from scientific journals, around 300 Nature/ Science documentaries and films and a dedicated LCD projection facility for them. The students are also taken to reputed research labs, field trips, excursion tours for practical learning outside the four walls of their labs and classroom. The students also undertake summer training to acquaint themselves with recent research in Biological sciences in some of the renowned research institutes in the country, namely IIS and JNCASR, Bangalore; TIFR, Mumbai; NBRC Gurgaon; NII, Delhi, etc.

## 8. Procedure for Calculating ‘Best Four’

### I. Procedure for calculation of ‘Best Four’ subjects percentage for Honours Programmes (For admission to Arts/ Humanities Programmes):

- a. The merit shall be determined on the basis of one language and three best academic/elective subjects from LIST A.
- b. Out of three, academic/elective subject chosen above, one must be the concerned subject in which the admission is sought, failing which a deduction of 2.5% will be imposed on the calculated ‘Best Four’ percentage.

For honours in languages refer to **point 6 of Basis of calculation of Best Four** given below.

#### Note:

- i. If an applicant doesn’t include the subjects given in LIST A in ‘Best Four’, then a deduction of 2.5% of maximum marks will be levied for each subject for the purpose of calculating ‘Best Four’.
- ii. All subjects to be included in the calculation of ‘Best Four’ must have at least 70% theory component of exam. *In case, the subject to be considered does not have 70% theory component and 30% practical component, then the marks of theory and practical only shall be converted to 70% and 30%, respectively on pro rata basis. These new marks will then be considered for calculation of ‘Best Four’.*

**Examples**

- (1) If an applicant has scored: Physics 90 (theory 50, practical 40; max. marks theory 60, practical 40), and Chemistry 91 (theory 52, practical 39; max. marks theory 60, practical 40) which is not in ratio of 70: 30, then the marks can be converted on *pro rata* basis

Pro rata marks in physics = 88.33;  $((50/60) \times 70 + (40/40) \times 30) = 58.33 + 30 = 88.33$

Pro rata marks in chemistry = 89.92;  $((52/60) \times 70 + (39/40) \times 30) = 60.66 + 29.25 = 89.91$

- (2) If an applicant has scored: Physics 88 (theory 45, IA 14, practical 29; max. marks theory 56, IA 14, practical 30), Chemistry 92 (theory 48, IA 14, practical 30; max. marks theory 56, IA 14, practical 30), English (90) and Biology 95 (theory 51, IA 14, practical 30; max. marks theory 56, IA 14, practical 30). Mathematics 92. The marks in Physics, Chemistry and Biology have less than 70% theory component and therefore have to be converted to 70:30 ratio on pro rata basis.

For Physics, it is  $56.25 + 29 = 85.25$ ;  $((45/56) \times 70 + 29) = 56.25 + 29 = 85.25$

For Chemistry, it is  $60 + 30 = 90$ ;  $((48/56) \times 70 + 30) = 60 + 30 = 90$

For Biology, it is  $63.75 + 30 = 93.75$ ;  $((51/56) \times 70 + 30) = 63.75 + 30 = 93.75$

## II. Procedure for calculation of 'Best Four' subjects percentage for B. Com. (Honours)/B.Com.

One Language from Part 1 of List C1 + three best subjects out of Part 2 of List C1.

### OR

One Language from Part 1 of List C1 + any combination of subjects out of Part 2 of List C1, List C2 or any other subject (not listed either in List C1 or List C2). In such a case, the deduction of marks from aggregate percentage of 'Best Four' shall be as follows:

- For every subject included from List C2, a deduction of one percent in aggregate percentage of 'Best Four';
- For every other subject (not listed either in List C1 or List C2), a deduction of 2.5% per subject in aggregate percentage of 'Best Four'.

### Note:

- All subjects to be included in the calculation of 'Best Four' must have at least 70% theory component of examination. In case the subject to be considered does not have at least 70% theory component, then the marks obtained in theory and practical shall be converted to 70% and 30% respectively, on pro rata basis. The marks so arrived at will then be considered for calculation of 'Best Four'.
- The applicant must have studied and passed Mathematics/Business Mathematics at the qualifying examination for admission to B. Com. (Hons.).
- The computation of 'best four' subjects in the above framework should lead to an effective and unique 'best four' which would be higher than any other combination of 'best four' subjects.

\* Marks in physics/chemistry/biology papers should be in ratio of 70: 30 (theory: practical), otherwise, marks calculated on *pro rata* basis will be considered.

### III. Procedure for calculation of 'Best Four' subjects percentage for B.A. programme:

- One Language (Core/Elective/Functional)
- Any three elective subjects can be chosen. A deduction of upto 5% on 'Best Four' percentage may be imposed if there is a change of stream for admission to B.A. programme, which means either from Commerce stream to Arts/Humanities/Social Sciences or from Science stream to Arts/Humanities/Social Sciences.
- One non-listed (LIST A of Annexure II) subject can be included in calculation of 'Best Four' without any deduction.
- For admission to B.A. (Vocational) only, related vocational subjects may be treated at par with academic/elective subjects and upto two vocational subjects, which are in relationship with the programme of study may be included for the calculation of 'Best Four'.
- If an applicant opts for Modern Indian Language (MIL) (Except Hindi) as a subject, an advantage of up to 10% may be given in 'Best Four' in those colleges where MIL is offered as a subject.

#### Note:

- The college will have to notify the actual deduction upto 5% for change of stream beforehand by uploading on their website and intimating the same to the University.
- If more than one non-listed subject is included for calculation of 'Best Four', a deduction of 2.5% each in 'Best Four' may be levied in addition to deduction due to change of stream, if any.

- iii. All subjects to be included in the calculation of 'Best Four' must have at least 70% theory component of exam. *In case, the subject to be considered does not have 70% theory component and 30% practical component, then the marks of theory and practical only shall be converted to 70% and 30%, respectively on pro rata basis. These new marks will then be considered for calculation of 'Best Four' in addition to Note (i).*

**Examples for calculation of 'Best Four' Percentage are given below.**

<p><b>Example 13:</b> If an applicant has scored in Accountancy (90), Business Studies (92), English Core (88) and Economics (94). Total marks are <math>90+92+88+94=364</math>. The Percentage is 91%. The effective percentage for B.A. programme is <math>91\% - 5\%^{**} = 86\%</math></p>	<p><b>Example 14:</b> If an applicant has scored in Physics (96)*, Chemistry (92)*, English Core (90) and Mathematics (94). Total marks are <math>96+92+90+94=372</math> and Percentage is 93%. The effective percentage for B.A. programme is <math>93\% - 5\%^{**} = 88\%</math></p>
<p><b>Example 15:</b> If an applicant scored: History (88), English Core (92), Political Science (90) and Web Designing (96)* Total marks are <math>88+92+90+96=366</math>, Percentage is 91.5%. The effective Percentage for B.A. programme is 91.5%</p>	<p><b>Example 16:</b> If an applicant has scored in Accountancy (90), Business Studies (62), English Core (88), Web designing (94)* and Painting (95)*. Total marks are <math>90+95+88+94=367</math>. The Percentage is 91.75%. The effective percentage for B.A. programme is <math>91.75\% - 5\%^{**} - 2.5\%^{\#} = 84.25\%</math></p>

\*\* is deduction due to change of stream.

# is for second vocational subject.

\*Marks in these papers should be in ratio of 70: 30 (theory, practical), otherwise, marks calculated on *pro rata* basis will be considered.

## Admission to Science Programmes

The Basis of Selection for Mathematical Sciences/Science/Interdisciplinary & Applied Sciences programmes is listed in Section 25 and Section 26. All the subjects to be included for Basis of Selection (PCM/PCB/PCMB) must have at least 70% theory component of examination. In case, the subject to be considered does not have 70% theory component and 30% practical component, then the marks of theory and practical only must be converted to 70% and 30% , respectively on pro rata basis. These new marks will then be considered for calculation of PCM/PCB etc.

<p><b>Example 17:</b> If an applicant has scored: Physics 90 (theory 50, practical 40; max. marks theory 60, practical 40), Chemistry 91(theory 52, practical 39; max. marks theory 60, practical 40), English (90) and Mathematics (95), Physical Education (92). Physics and Chemistry have 60% theory component and 40% practical marks. Pro rata marks in physics = 88.33% Pro rata marks in chemistry = 89.92% Therefore, Total marks in PCM are: <math>88.33+89.92+95=273.25=91.08\%</math> and PCME are: <math>88.3+89.92+95+90 = 363.25 = 90.81\%</math>.</p>	<p><b>Example 18:</b> If an applicant has scored: Physics 88 (theory 45, IA 14, practical 29; max. marks theory 56, IA 14, practical 30), Chemistry 92 (theory 48, IA 14, practical 30; max. marks theory 56, IA 14, practical 30), English (90) and Biology 95 (theory 51, IA 14, practical 30; max. marks theory 56, IA 14, practical 30). Mathematics 92. Physics, Chemistry and Biology have less than 70% theory component and must be converted to 70:30. For Physics, it is <math>56.25+29 = 85.25</math>; For chemistry, it is <math>60+30= 90</math>; For biology, it is <math>63.75+30= 93.75</math>. The PCB is 89.77% ; PCM is 89.19%</p>
