BMS INSTITUTE OF TECHNOLOGY & MANAGEMENT

15th

Year of Excellence

They made history by their indomitable spirit.

Late Sri B. M. Sreenivasaiah
Founder, BMSET

The history of BMS institutions dates back to the year 1946. Late Sri B. M. Sreenivasaiah, philanthropist and visionary, realized the importance of technical education in the country. BMS College of Engineering, which he started in the year 1946, has the distinction of being the first private engineering college in the country. Sri B. M. Sreenivasaiah was conferred the title 'Dharma Prakasha Raja Karya Prasaktha' by the Maharaja of Mysore for his yeoman's service in the education sector. The inheritors of his legacy continue to cherish and uphold his vision and ideals.

Late Sri B. S. Narayan
Donor Trustee, BMSET

After the demise of Sri B. M. Sreenivasaiah, his illustrious son Sri B. S. Narayan, a dynamic and enterprising personality, developed BMS College of Engineering into one of the finest engineering colleges. In addition, he established other institutions of higher education including BMS College of Law, BMS College for Women and BMS Evening College of Engineering. He was instrumental in initiating several collaborative programs, such as cross cultural programs with M/s Melton Foundation & training foreign students under International Co-operation Division.

The affairs of the BMS institutions are effectively managed by The Council of Trustees appointed by Dr. B. S. Ragini Narayan, wife of Late Sri B. S. Narayan, who is the Donor Trustee & Member Secretary of BMS Educational Trust.

Founder's Vision

Promoting prosperity of mankind by augmenting human resource capital through quality education and training.

Vision

To emerge as one of the finest technical institutions of higher learning, to develop engineering professionals who are technically competent, ethical and environment friendly for betterment of the society.

Mission

Accomplish a stimulating learning environment through high quality academic instruction, innovation and industry-institute interface.

Council of Trustees of BMS Educational Trust

Justice S. R. Bannurmath

Hon. Chairman

Former Chief Justice, High Court of Kerala
Chairman, Human Rights Commission,
Maharashtra State

Chairman, Board of Governors, BMSIT & M

Sri H. U. Talawar

Ex-Officio Trustee (Govt. Nominee)

Director of Technical Education,
Govt. of Karnataka
and Member, Board of Governors, BMSIT & M

Hello! Welcome to BMS Institute of Technology & Management, a part of the highly reputed BMS group of institutions.

The “BMS” brand is an outcome of the exemplary vision, undivided commitment and dedicated effort demonstrated by all its stakeholders for several decades. The vision and mission of BMSIT&M are contemporary. They recognize that the engineering problems arising out of today’s complex world are huge, unique, and often unpredictable in implications. Only engineers who can take a holistic approach, have the right competencies, lead multi-cultural teams and engage in continuous experimentation and life-long learning provide complete solutions to these problems. BMSIT&M is committed to produce such engineers and managers who can confidently take these problems head-on.

The management of the institute has been very proactive in establishing a vast and serene campus; building modern classrooms, state-of-the-art laboratories and infrastructure; creating exceptional human capital for teaching, research and consulting services; and supporting all collaborative and networking efforts. Our highly qualified and dedicated faculty members are competent to implement Outcome-Based Education (OBE), which is an international standard to develop students to their full potential. They have implemented new initiatives to make our education system more effective and efficient. Our institute’s close partnership with industries has ensured a large number of internships and placements to our students. It’s no surprise then that BMSIT&M has been conferred with several national-level awards in 2015 alone.

The institute is highly environment-loving. Hostels are very good and known for hygiene, healthy and ragging-free environment. The opportunity for sports and multi-cultural activities is enormous. Round-the-clock security, CCTV surveillance in hostels, round-the clock power supply, continuous housekeeping, well-maintained garden, and the institute’s transport system, all bear testimony to our commitment to provide the best life style to BMSITians. It’s a dream place for anyone to get transformed into a valuable engineer. It could be your or your ward’s dream too. Welcome to BMSIT&M.

Dr. MOHAN BABU G. N.
Principal

About BMSIT & M

In view of the growing demand for technical education and with the goal of establishing a premier technical education on par with international standards, a new technical institution by name 'BMS Institute of Technology and Management' was established in 2002. Currently, BMSIT & M offers seven UG, three PG programs and Ph.D./M.Sc. (Engg.) in seven disciplines. BMSIT & M has well qualified and experienced faculty, technical and supporting staff members. The institute's well-equipped laboratories, good infrastructure, teaching-learning aids, etc. provide the right impetus to the growth of students.

Location

BMS Institute of Technology and Management is located on Doddaballapura Main Road, 5 km from Yelahanka town and within a radius of 10 km from Bengaluru International Airport. It is situated on a sprawling & serene campus spread over an area of 18 acres.

Pedagogy and TLP

- Course delivery through modern technology
- Interactive classes with puzzles, quizzes, etc.
- Blended and co-operative learning classes
- Partial delivery classes conducted by external resource persons

Green Campus

- The campus is totally eco-friendly. It has green cover with lawns, trees, ornamental plants, fruit bearing plants, medicinal plants, bio-diesel plants, shrubs, etc.
- Garden benches are located in shady spots to help students study during tests, examinations, etc.
- Rain Water Harvesting is implemented in all blocks
- Recycled water from the Sewage Treatment Plant is used for complete watering of the garden.

UG Courses offered

- Electronics and Communication Engineering (ECE)
- Computer Science and Engineering (CSE)
- Mechanical Engineering (ME)
- Electrical and Electronics Engineering (EEE)
- Telecommunication Engineering (TCE)
- Information Science and Engineering (ISE)
- Civil Engineering (CV)

Category of admissions

- Common Entrance Test (CET) conducted by Karnataka Examination Authority
- Consortium of Medical, Engineering & Dental Colleges of Karnataka (COMED-K)
- Management

PG Courses offered

- Master of Computer Applications (MCA)
- M.Tech.– Machine Design
- M.Tech.– Computer Science & Engineering

Category of admissions

- State Level Common Entrance Test (PGCET) conducted by Karnataka Examination Authority
- Common Entrance Test (KMAT) conducted by an association of all colleges offering MCA courses.
- Management

Eligibility for Admission

For UG COURSES

- Pre-University or XII standard or equivalent examinations
- Compulsory Subjects: Physics and Mathematics
- Optional subjects: Chemistry, Bio-Technology, Computer Science, Biology and Electronics.
- Minimum Forty Five (45%) percent aggregate marks
- Minimum Forty (40%) percent aggregate marks for SC/ST and other Backward Classes specified in the Government Order.
- For consideration under Management Seat, the candidate should have minimum 60% marks in Pre-University or XII standard or equivalent examinations.

For PG COURSES

- Bachelor's degree with 50% of marks in aggregate
- Minimum Forty (45%) percent aggregate marks for SC/ST and other Backward Classes specified in the Government Order
- For consideration under Management Seat, the candidate should have minimum 60% marks in Bachelor's degree.
- For details visit www.kea.kar.nic.in
www.comedk.org

BMSIT & M offers a multitude of programmes to live up to student expectations. For example: Melton Foundation, Google and Microsoft Ambassador programmes.

FACILITIES

Facilities

Library

Cafeteria

- Digitized library.
- Book Bank, DELNET, Reprographic facilities
- DELNET, Discussion Rooms
- Web-OPAC on Intranet
- 44K + Volumes; 80+ Print & 8 e-Journal Packages

Sports

Events Organised

- Tournaments
- Coaching Camps
- Inter-class Sports Events
- Sports Competition for Hosttelites
- Sports Competition for Staff

Facilities

- Indoor & Outdoor
- Gym facilities, TT, Badminton, Carrom, Chess, Cricket Net, Football, Basketball, Volleyball, Tennis, etc.

Transport

- A Fleet of 10 buses
- Safe, Reliable, & Student-friendly
- Covers main areas of Bengaluru city

Hostel

- Girls Hostel in Yelahanka New Town
- Boys hostel is located within the campus
- PIO Hostel

- Wi-Fi enabled campus
- 60 Mbps bandwidth

Medical Facility

- Medical Centre - Doctor in campus
- Ambulance

Melton Foundation

- BMS is the only group in India to have an alliance with Melton Foundation

- Provides platform for social interaction & educational opportunities in the USA, China, Chile, Germany & India

Encouragement is the byword here. Students are always encouraged to learn, innovate and excel.

Student centric activities

Tech Forums/Newsletters

Tech Forums and clubs have been created across departments in the college to foster technical interest among students. Various activities are conducted under these forums and students plan activities with the consent of coordinators. These activities provide students a good platform to exhibit both technical and creative capabilities.

- TECHKSHETRA (ECE)
- CINNOVIL (CIV)
- INFINIUM (ISE)
- TEKRUTHI (TCE)
- SEMAPHORE (CSE)
- UTKHANANA (MECH)
- VIDYUTH (EEE)
- ANVAYA (MCA)

Industrial Visits

Industrial visits give students an exposure to practical work situations and latest technologies. Students are exposed to best and latest practices followed in industry during these visits.

NSS

- Regular Voluntary Blood Donation Camps
- Special camping activities
- Visits to orphanage, old age homes, etc.

Mini Project Exhibition

Start-up Meet/Employer Meet

In today's scenario, better interaction between industry and institute is essential for the success of technical institutions. It influences the design of the curriculum, gives students exposure to industrial atmosphere and plays an effective role in helping engineering graduates find placement in industries across the country and ignite their enterprising mindset. In this light, experts from different organizations are invited to have a healthy interaction with the Principal, Vice Principal, heads of departments, lecturers and students.

Blended class

Cooperative Learning & Creative Learning Class

- Blended learning is a formal education program wherein a student learns at least in part through delivery of content and instruction via digital and online media.
- Collaborative learning helps students share knowledge, improve communication skills and diffuse knowledge.

Internships

Students are given an opportunity to undergo internship in organizations to enhance their skills and be industry ready.

Technical Talks

Experts from various organizations are invited to share their experience and technical skills, which increase the understanding level of students.

Student Accomplishments

- Best IEEE Students Chapter
- KSCST Project Funding
- VTU Ranks
- Scholarships
- Sports Awards
- National/International Competition

Student Support/ Empowerment System

- Faculty facilitators for First year Students
- Proctor System & Parent-Teacher Meets
- Faculty Feedback system
- Financial assistance through fee concession, scholarships
- Book Bank facility
- Group Medical Insurance
- SMS based alerts – Attendance, IA Marks, etc.
- Regular interaction with Industry and Alumni
- Department and Institute level techno cultural festivals
- Student clubs / department forums
- Department / Institute newsletters

Placements

The students of BMSIT & M are trained from the first year itself in soft skills such as personality development, group discussion, mock interview, aptitude test, etc. Our students are placed through BMSIT & M and BMSCE placement cells. Over 80 reputed companies regularly visit our campus to recruit students. For complete details on placements, visit our website www.bmsit.in.

Semester-wise Placement Training

Semester wise placement training is conducted by professionals for students from the 3rd semester. Aptitude and soft skills training are being covered by professional trainers to make students more industry ready.

MOUs:

BMSIT&M has signed MoUs with the following companies to set up labs within the campus, enable its students carry out research projects and also them on emerging technologies and make them more competent in the industry.

- Texas Instruments – EdGate
- KPIT
- Valluri Technology Accelerators
- National Design Research Forum (NDRF)
- Steinbeis India
- Sasken

Research and Development (R & D) Centre

In recognition of the facilities available at BMSIT & M, several of its departments, viz., Mechanical Engineering, Mathematics, Electronics & Communication, Electrical & Electronics, Computer Science Engineering, Physics and Chemistry have been recognised as VTU research centres. On an average, our faculty members publish about 150 international research papers. Broad areas of research include Material Science, Grid and Cloud Computing, Networks, Datamining, Pattern Recognition, Image Processing, Fluid Mechanics, Graph Theory, Composite Materials, Machine Tools, I/C Engines, Nano Materials, Energy Materials and Structural Engineering.

Awards & Accolades

Career 360 Magazine has accorded AAA rating to BMSIT during its survey on Professional Colleges in April 2015.

Student Excellence Award among Private Institutes in South

An independent survey conducted by “Dataquest-CRM T-School Survey 2015” awarded BMS Institute of Technology & Management with “Student Excellence Award among Pvt. Institutes in South”. Mr. Pradeep Gupta, Chairman and Managing Director, Cybermedia handed over the award and certificate to our Principal Dr. Mohan Babu G.N. on 23rd Sep 2015 in New Delhi.

Outstanding Engineering Institute – South

Vijayavani, a leading Kannada newspaper, conducted a survey of various institutions in India and selected some of them for National Education Leadership Awards in different categories. BMS Institute of Technology & Management was adjudged “Outstanding Engineering Institute – South” and the award was presented by Mr. Anand Sankeshwar, MD of M/s.

Vijayavani Award

Vijayavani at a grand function held at Taj Vivanta on 12.09.2015. The award was received by Mr. Vishwanath Acharya, Administrative Officer, and Mr. Ganesh, Placement & Training Officer.

BMS Institute of Technology & Management has been awarded Special Outstanding Prize for “BEST ORNAMENTAL GARDEN” during Horticultural Show organized by The Mysore Horticultural Society at Lalbagh, Bengaluru, for three consecutive years i.e. 2014, 2015 and 2016.

Horticulture Award

BEST PROFESSIONAL COLLEGES 2015

“The Higher Education Review” Magazine survey on Private Engineering Colleges in India – May 2015 – has rated BMSIT as below:

- Ranked 17th among Top 100 Private Engineering Colleges in India
- Ranked 12th among Top 20 Best Private Engineering Colleges in India
- Ranked 10th among Top 20 High Quality Placements among Private Engineering Colleges in India

Dignitary Visits

Clockwise: Sri A.S. Kiran Kumar, Chairman, ISRO
Sri Ravi Gururaj, Head - Product Council, NASSCOM

Sri Venkatesh Valluri, Chairman, Valluri Technology Accelerators

Mrs. Pratibha Priya Darshini, Shell India

Being ranked at the top doesn't make us complacent. It makes us feel even more responsible and accountable.

Alumni Talk

My experience at BMSIT & M has been enriching. With an excellent faculty and infrastructure, it gives the students a platform for grooming themselves in whatever field they are interested in. Not only in terms of education but also in terms of developing personality, which is the most important aspect in the corporate world. In addition to all of this, its excellent library, labs, and green campus gives you an environment to push for your dreams. I am from BMSIT & M and I thank it for transforming me into a person with high self-confidence who can strive to make this world a better place.

- **Somsubhro Choudhury**, Batch of 2012 – Mechanical Engineering
Previously Design Engineer, Weir Minerals India Pvt. Ltd., Bengaluru
Currently pursuing PGDM, T. A. Pai Management Institute, Manipal

There are so many wonderful things to say about BMSIT & M. I received immense opportunities to learn and explore interests outside of the classroom through the NSS activities, College Fest UTHSAHA, several technical meets and so on. I think one of the most important things I learnt at BMSIT & M was how to review and respond critically to ideas or pieces of work. We were always thinking, writing, and talking about ideas and academic works. I feel so comfortable with my viewpoints and expressing them in an assertive but calm way. The faculty ensured that the classes were kept interactive and fun-filled. Even outside the classroom, faculty were always available to discuss our doubt, ideas and thoughts. Kudos to the placement team at BMSIT & M that prepared us for the placement activities and organized a huge number of placement drives. Finally, thanks to BMSIT & M for molding my future.

- **Chaitra G**, Batch of 2015 – Information Science & Engg., Software Engineer, Philips, India

“Doing Engineering is about building the foundation for a new beginning and BMSIT & M helped me to do exactly that. Our college faculty not only supported and guided us (first batch of EEE department) in academic and non-academic activities but also provided us with opportunities to kick start our career through placements. I am sincerely thankful to BMSIT & M for giving me the necessary training and helping me get my first job. It is the support from my department, batchmates, college infrastructure and faculty/staff members that made my experience in college fruitful.

- **Kevin Mascarenhas**, Electrical and Electronics Engg., 2007 Batch
Technology Lead (Manager) in MD Financial Management, Canada

Employers Testify

BMSIT & M is a premier institute in Bengaluru. It's ability to attract bright students, the efforts to provide excellent learning and exposure and importantly, working with the industry to orient students on industry-readiness, are aspects that make BMSIT & M, an institution to be associated with. The reputation of the institute and the quality of students have been key factors for us to be associated with BMSIT & M.

Our association with BMSIT & M has been for many years and we are quite happy with the support from the Institution on a host of things. It would also be appropriate to say that the Placement Team has contributed immensely to this strong relationship and we are thankful for its support and camaraderie. Overall, the performance of BMSIT & M students has been excellent in our organization.

Mr. Srikant Srinivasan, Senior Director, HR, Cognizant Technology Services

Our resourcing team's interaction with BMSIT & M's placement coordinators during our trip wasn't just prompt but also had an ultimate touch of professionalism. More so, the recruitment process that was followed at the institute was very well organized. The quality of students is great and all our hires have proved to be an asset to our organization. BMSIT & M truly is creating a great talent pool who are well-versed with the future industry needs.

Ms. Fareen Shaikh, Lead - Campus Recruitment & Global hiring, Endurance International Group

Students Speak

BMSIT & M, one of the prestigious institutions of Karnataka, has a serene atmosphere catering to the needs of nature and modernity. It has a wonderful campus with learned and approachable staff who are ever ready to extend their helping hand to the students to enrich their knowledge and excel in all spheres along with academics and encourage us to participate in co-curricular activities within the college and outside. The college has organized educational field trips to expose the students to real world situations and to acquire practical knowledge and has produced intellectuals and responsible citizens who can bring laurels to college. Students are well guided, trained and equipped by the placement cell to face the interviews. The college has a wonderful library. Last but not least, I am sure that the flag of BMSIT & M will fly high and touch the sky.

ANUSHA SRIVIDHARAN, VIII SEM, EEE

BMSIT & M isn't just a college of engineering. It is a cocoon where ideas are shaped, dreams are given a touch of reality, skills enhanced and futures are made. BMSIT & M provides top notch quality education and more. On-hands experience is encouraged and the supportive faculty go the extra mile to help prepare students for technical and non-technical fields in the industry. Extra-curricular activities are abundant and the enthusiasm is infectious. National Conferences, start-up meets, alumni meet, technological events such as Tech Transform and community events like Blood Donation Camps are just a few in the long list of events and programs at BMSIT & M. After all, its not just who we are underneath, its also where we study that defines us!

Mohammed Yousuff Sohaib, VIII Sem, Mechanical Engineering,

I came to BMSIT & M hoping to receive an effective education unknowing of what lied ahead. The experience has not been limited to what happens in the precincts of the classroom. The lush green vicinities of the campus added to what has been as blissful expedition. I can proudly tell that I was in the company of many brilliant individuals with varied interests from whom I've learnt a lot. The faculty in the Electronics and Communication Department have always had my back when there have been stumbling blocks in academics. The institute dons a colourful outlook during the annual techno-cultural fest UTSAHA, which has given me many cherished memories. It gives me immense pleasure to state that my alma mater is BMSIT & M.

Karthik Veeramalai, 8thSem, ECE

Parents Express

"I believe that my son is receiving a high quality education. Today my son is independent, well aware and assertive person, who is truly inspired by his life. I believe his experiences at BMS Institute of Technology & Management have made him a more self-assured and confident person. I also believe BMSIT & M has positively expanded his view of his future. I strongly feel this institution makes a difference."

B T Venkatesh, (Father of Sachin Govind V, 6thSem, Civil)

Every parent wants what's best for their children. I am proud to say that my daughter got a seat in one of the best institutions, BMSIT & M. It has molded her thinking abilities, technical knowledge and has provided her with several platforms to showcase her skills. The timely meeting with teachers has helped me learn more about her progress. The campus, library, canteen and transport facilities are excellent. On the whole, I am satisfied with what BMSIT & M has to offer.

N Kumara, (Father of Vidyashree K, 6th Sem, CSE)
