FMS in Historical Context

Shortly after independence a band of visionaries led by Professor V.K.R.V. Rao and supported by then Prime Minister Pt. Jawaharlal Nehru were fired by the ambition to create a centre for advanced learning and research in the social sciences comparable to the best in the world and worthy of an independent sub-continent.

Thus, in 1948 the Delhi School of Economics (DSE) was conceived on the lines of the London School of Economics. Subsequently, when Prof. Rao became the Vice-Chancellor of the University, the process of setting up four new departments, namely, Sociology, Geography, Business Management and Commerce, was initiated.

Prof. Dasgupta was inducted into the Delhi School of Economics (DSE) by its founder, Prof. V.K.R.V Rao, to nurture the newly constituted Department of Business Management and Industrial Administration. Not unlike his mentor, Prof. Dasgupta too was an institution builder par-excellence. His dream and vision was to take the Department to the status of a full-fledged Faculty, a leading university based institution of management education with the stature of an internationally known School of Business.

Guided by the vision of its founders, the school lays highest importance on maintaining excellence in teaching, both as an end in itself and as a basis for creativity and for sustaining excellence in research.

Message from the Vice-Chancellor

Founded in 1922, the University of Delhi is known for its outstanding contribution to teaching, research and service in nation building. Today, the university stands to meet the enormous expectations of society by nurturing professionals and scholars of high caliber, who can offer solutions to a broad range of issues.

The Faculty of Management Studies (FMS), University of Delhi, that made a modest beginning with a three year part-time Post Graduate Management Programme in Business Administration for senior and middle level executives in 1954, is now a pioneering institute of management education in India. Over the years FMS has developed a state of the art infrastructure with access to journals, databases, softwares etc.

The placement records of FMS over these years have been exemplary and many of its alumni are now top corporate leaders. I am sure many bright students aspire to get admission in FMS as their first preference.

My best wishes to the prospective students.

Message from the Dean

Faculty of Management Studies: A Brand Unparalleled

Faculty of Management Studies (FMS) - a tradition of excellence - prides itself in providing driven and motivated individuals a platform for innovative thinking and acquiring entrepreneurial skills to become tomorrow's great business leaders.

The Faculty of Management Studies, University of Delhi made a modest beginning in 1954 under the leadership of Prof. A. Dasgupta with a three year part-time Post Graduate Management Programmes in Business Administration for middle and senior level executives. The institute was started at Delhi School of Economics and the first set of professors was trained at the Stanford Business School. The vision as I see must be to provide Indian managers with the best available business models and tools for greater efficiency and productivity in different sectors.

FMS continues to draw faculty members from world's finest institutions and with diverse work experiences. The past decades have witnessed a significant growth in the nature and number of programmes offered at FMS. FMS has exchange programmes and collaborative arrangements with leading business houses, management institutions and professional associations in India and abroad. In appreciation of its contributions, the Industrial Finance Corporation of India and Amway Corporation have created Chair Professorships in Industrial Management and Entrepreneurial Development respectively. Shanti Prasad Jain Advanced Management Research Center as a research and development wing of FMS has been set up at the University of Delhi, South Campus with assistance from Bennett Coleman & Company Limited.

With business education at an inflection point, we must strive to equip future leaders with competence and character to address emerging global business and social challenges. The next three years I will be working for global positioning of FMS rooted in Indian culture and philosophy connected with societal cause for social efficiency and happiness. I have been working extensively on integrating these elements into organizational leadership and value based management; which is the need of the hour in order to create morally healthy, socially sensitive sustainable organizations.

Let the noble thoughts come from all directions!

Head & Dean

Faculty of Management Studies (FMS), University of Delhi

Leading from the front since 1954

Faculty of Management Studies (FMS, Delhi) is one of the oldest B-Schools in the country, established in 1954 under the aegis of the University of Delhi. The institute was started as a part of the Delhi School of Economics and has grown to be a full-fledged management institute. Being a part of University system, it has been contributing to the industry, businesses, government and social sector at par with leading business schools.

Having started with an evening Masters Programme in Management in 1954, it commenced its MBA (Full-Time) Programme in 1967. FMS went on to establish Shanti Prasad Jain Advanced Management Research Centre at University of Delhi-South Campus to promote research and training of managers from India and abroad in the year 1982. The institute over the years has gained prominence for its learned faculty and students who today occupy coveted positions in the corporate world, both in India and abroad.

Keeping in mind the need of the society and industry, FMS increased intake to its MBA (Full-Time) Programme from 60 to 90 in 1991. The Golden Jubilee Year of FMS in 2004, witnessed launch of another two year full-time programme namely MBA (Management of Services) with an intake of 40 students. In 2011, it merged its two full-time programmes with a combined intake of 226 students. All its programmes today, viz. MBA (Full-Time), MBA Executive, MBA Executive (Health Care Administration), and Ph.D. in Management are well accepted by the industry.

FMS @ 63: A Transformational Journey of Rich and Experiential Learning

The business world around us is evolving rapidly, and change is perhaps, the only constant. The intensity and speed with which the forces around us are shaping our environment are immensely complex and challenging. Thus, it has become all the more important for us to be able to think strategically and master core business disciplines in order to become the true leaders of innovation and change.

Over the past 63 years, FMS has helped shape diverse personalities and unique talents in order to imbibe the spirit of achieving excellence. The intellectual rigor and exposure that FMS students receive is immense. FMS has carried forward its legacy of 63 years by unifying academics with leadership skills, providing practical experience and training, and most importantly, helping one attain the heights one aspires to reach.

What sets the MBA programme at FMS apart from any other institution's, is the ideal mix of opportunities, corporate exposure, and the kind of conducive academic environment that allows the students to realize their dreams, with the flexibility in the curriculum. This journey has truly been transformational for all who have been part of the FMS legacy. The intense mentorship programme and spectrum of activities carried out, instills within every individual the values and culture that this B-School has stood for over all these years. At FMS, one has the liberty to initiate new activities and the collaborative spirit of students makes it possible for numerous such efforts to bear fruits every year.

Those who have walked in through the hallowed portals of FMS will agree that this institution teaches you to take risks and not be afraid to fail. It also imparts the true value of human relationships and how success is driven by it. We are confident about achieving our goals, but we value our failures just as much as our achievements. FMS respects and appreciates your passion and fuels it, so that wherever you go, you leave behind a mark - the mark of a winner.

The combination of a flexible curriculum, a wide array of learning opportunities and a conducive academic environment is the hallmark of this institute. The transformational journey starts from day one and a new entrant is introduced to the culture and values of FMS through an enriching classroom experience and intense mentorship programme. The learner is empowered to collaborate as well as take independent initiatives throughout the year. As much as it is possible to sum up a community, this is FMS having balanced individuals who approach work and play with equal intensity; confident achievers who are brave enough to make mistakes and humble enough to accept them; and dreamers who are grounded enough to know that getting to the top is more fun when the journey is shared. It is this drive and enthusiasm that differentiates and distinguishes us from all others, giving us the winning edge - wherever we go, whatever we do.

FMS in Historical Context

Shortly after independence a band of visionaries led by Professor V.K.R.V. Rao and supported by then Prime Minister Pt. Jawaharlal Nehru were fired by the ambition to create a centre for advanced learning and research in the social sciences comparable to the best in the world and worthy of an independent sub-continent.

Thus, in 1948 the Delhi School of Economics (DSE) was conceived on the lines of the London School of Economics. Subsequently, when Prof. Rao became the Vice-Chancellor of the University, the process of setting up four new departments, namely, Sociology, Geography, Business Management and Commerce, was initiated.

Prof. A. Dasgupta was inducted into the Delhi School of Economics (DSE) by its founder, Prof. V.K.R.V Rao, to nurture the newly constituted Department of Business Management and Industrial Administration. Not unlike his mentor, Prof. Dasgupta too was an institution builder par-excellence. His dream and vision was to take the Department to the status of a full-fledged Faculty, a leading university based institution of management education with the stature of an internationally known School of Business.

Guided by the vision of its founders, the school lays highest importance on maintaining excellence in teaching, both as an end in itself and as a basis for creativity and for sustaining excellence in research.

Message from the Vice-Chancellor

Founded in 1922, the University of Delhi is known for its outstanding contribution to teaching, research and service in nation building. Today, the university stands to meet the enormous expectations of society by nurturing professionals and scholars of high caliber, who can offer solutions to a broad range of issues.

The Faculty of Management Studies (FMS), University of Delhi, that made a modest beginning with a three year part-time Post Graduate Management Programme in Business Administration for senior and middle level executives in 1954, is now a pioneering institute of management education in India. Over the years FMS has developed a state of the art infrastructure with access to journals, databases, softwares etc.

The placement records of FMS over these years have been exemplary and many of its alumni are now top corporate leaders. I am sure many bright students aspire to get admission in FMS as their first preference.

My best wishes to the prospective students.

Message from the Dean

Faculty of Management Studies: A Brand Unparalleled

Faculty of Management Studies (FMS) - a tradition of excellence - prides itself in providing driven and motivated individuals a platform for innovative thinking and acquiring entrepreneurial skills to become tomorrow's great business leaders.

The Faculty of Management Studies, University of Delhi made a modest beginning in 1954 under the leadership of Prof. A. Dasgupta with a three year part-time Post Graduate Management Programmes in Business Administration for middle and senior level executives. The institute was started at Delhi School of Economics and the first set of professors was trained at the Stanford Business School. The vision as I see must be to provide Indian managers with the best available business models and tools for greater efficiency and productivity in different sectors.

FMS continues to draw faculty members from world's finest institutions and with diverse work experiences. The past decades have witnessed a significant growth in the nature and number of programmes offered at FMS. FMS has exchange programmes and collaborative arrangements with leading business houses, management institutions and professional associations in India and abroad. In appreciation of its contributions, the Industrial Finance Corporation of India and Amway Corporation have created Chair Professorships in Industrial Management and Entrepreneurial Development respectively. Shanti Prasad Jain Advanced Management Research Center as a research and development wing of FMS has been set up at the University of Delhi, South Campus with assistance from Bennett Coleman & Company Limited.

With business education at an inflection point, we must strive to equip future leaders with competence and character to address emerging global business and social challenges. The next three years I will be working for global positioning of FMS rooted in Indian culture and philosophy connected with societal cause for social efficiency and happiness. I have been working extensively on integrating these elements into organizational leadership and value based management; which is the need of the hour in order to create morally healthy, socially sensitive sustainable organizations.

Let the noble thoughts come from all directions!

Leading from the front since 1954

Faculty of Management Studies (FMS, Delhi) is one of the oldest B-Schools in the country, established in 1954 under the aegis of the University of Delhi. The institute was started as a part of the Delhi School of Economics and has grown to be a full-fledged management institute. Being a part of University system, it has been contributing to the industry, businesses, government and social sector at par with leading business schools.

Having started with an evening Masters Programme in Management in 1954, it commenced its MBA (Full-Time) Programme in 1967. FMS went on to establish Shanti Prasad Jain Advanced Management Research Centre at University of Delhi-South Campus to promote research and training of managers from India and abroad in the year 1982. The institute over the years has gained prominence for its learned faculty and students who today occupy coveted positions in the corporate world, both in India and abroad.

Keeping in mind the need of the society and industry, FMS increased intake to its MBA (Full-Time) Programme from 60 to 90 in 1991. The Golden Jubilee Year of FMS in 2004, witnessed launch of another two year full-time programme namely MBA (Management of Services) with an intake of 40 students. In 2011, it merged its two full-time programmes with a combined intake of 226 students. All its programmes today, viz. MBA (Full-Time), MBA Executive, MBA Executive (Health Care Administration), and Ph.D. in Management are well accepted by the industry.

FMS@ 63: A Transformational Journey of Rich and Experiential Learning

The business world around us is evolving rapidly, and change is perhaps, the only constant. The intensity and speed with which the forces around us are shaping our environment are immensely complex and challenging. Thus, it has become all the more important for us to be able to think strategically and master core business disciplines in order to become the true leaders of innovation and change.

Over the past 63 years, FMS has helped shape diverse personalities and unique talents in order to imbibe the spirit of achieving excellence. The intellectual rigor and exposure that FMS students receive is immense. FMS has carried forward its legacy of 63 years by unifying academics with leadership skills, providing practical experience and training, and most importantly, helping one attain the heights one aspires to reach.

What sets the MBA programme at FMS apart from any other institutions is the ideal mix of opportunities, corporate exposure, and the kind of conducive academic environment that allows the students to realize their dreams, with the flexibility in the curriculum. This journey has truly been transformational for all who have been part of the FMS legacy. The intense mentorship programme and spectrum of activities carried out, instills within every individual the values and culture that this B-School has stood for over all these years. At FMS, one has the liberty to initiate new activities and the collaborative spirit of students makes it possible for numerous such efforts to bear fruits every year.

Those who have walked in through the hallowed portals of FMS will agree that this institution teaches you to take risks and not be afraid to fail. It also imparts the true value of human relationships and how success is driven by it. We are confident about achieving our goals, but we value our failures just as much as our achievements. FMS respects and appreciates your passion and fuels it, so that wherever you go, you leave behind a mark - the mark of a winner.

The combination of a flexible curriculum, a wide array of learning opportunities and a conducive academic environment is the hallmark of this institute. The transformational journey starts from day one and a new entrant is introduced to the culture and values of FMS through an enriching classroom experience and intense mentorship programme. The learner is empowered to collaborate as well as take independent initiatives throughout the year. As much as it is possible to sum up a community, this is FMS having balanced individuals who approach work and play with equal intensity; confident achievers who are brave enough to make mistakes and humble enough to accept them; and dreamers who are grounded enough to know that getting to the top is more fun when the journey is shared. It is this drive and enthusiasm that differentiates and distinguishes us from all others, giving us the winning edge - wherever we go, whatever we do.

MBA Executive & MBA Executive (Health Care Administration) Programmes

Since 1954, the Faculty of Management Studies (FMS), one of the eminent management schools in the country, has been preparing leaders for business and society. Over the years, students from FMS have gone to lead with vision, knowledge and potential to thrive in a dynamic global economic environment. FMS, being a part of the University of Delhi, follows the strict academic rigour and standards set for curriculum preparation, teaching and examination processes. In response to the changing needs to the industry, FMS has always taken the initiative to develop new programmes, and constantly update the curriculum of teaching pedagogy.

The modular design of the two year evening MBA Executive and MBA Executive (Health Care Administration) programmes has been divided into four semesters over a period of two-years. This builds a strong foundation in the basic areas of management and allows the students to specialize in functional areas of their interest. The curriculum of MBA Executive and MBA Executive (Health Care Administration) programmes rests on two pillars: one, providing a strong conceptual foundation in key functional areas in the first year and the other, enabling a high degree of academic flexibility allowing students to handcraft their MBA experience. The first year introduces students to the essential models and tools, needed to act on their aspirations, enable their evolution into thought leaders and change managers.

In the second year, the learners decide on their professional development plans by reflecting on their first year's learning and past managerial experiences. This experience is augmented by interactions with world renowned faculty and corporate luminaries who together teach 19 core courses. After two years of 360 degree learning, the learners move onto achieve the best of the best in the corporate world.

At FMS, the MBA course structure is closely aligned with the contemporary business requirements in today's scenario. The focus is on producing leaders with

sound fundamentals to hit the ground running; the ability to challenge conventional wisdom by path-breaking innovations; the ability to execute the most daunting of challenges in the most trying of circumstances, the ability to create synergies amongst the most diverse set of variables; the ability to continuously learn, improvise, adapt, energize, grow and to take the world in their stride.

Working executives are required to complete 7 core or elective courses or a combination of both in every semester. The first year of the course concentrates on imparting management fundamentals like Human Resource, Organizational Behavior and Managing Transitions, Marketing Management, Managerial Finance, Quantitative Methods, Managing Information Technology, etc. This ensures that the executive is introduced to the technical, economic, social and human side of management. The second year maintains the momentum by building on these fundamentals and requires focus on chosen specializations by taking courses in the areas of finance, marketing, systems, strategy, leadership and entrepreneurship. Along with these specialization courses, the participants are also exposed to business strategy courses which focus on skills that enable future leaders to diagnose complex business situations and resolve strategic and organizational problems. In addition to these courses, the learners can opt for non-credit courses, subject to the approval of the Programme Coordinator. The classroom sessions are supplemented by corporate sessions, guest lectures, field studies, live projects, workshops and many such activities, which ensure that the executive learns the practical applications of the acquired knowledge.

Flexibility

The MBA programme at FMS offers opportunities to working executives/administrators to customize their individual learning as per their unique strengths and interests. This is done through guest lectures, workshops, seminars, specific modules offered by experts from academia and industry. This ensures that the focus of the programmes is not on teaching, but on 'learning'!

The Master of Business Administration (MBA) Executive and Master of Business Administration (MBA) Executive (Health Care Administration) programmes have been divided into two parts. Each part consists of two semesters as under:
