Success

Thousands of people have qualified through Sanjivani since its establishment in 1983

Our students speak from their Experience

I had my best moments in the Sanjivani here

the best course I have ever done

so nice to meet all the people

If only formal education was more like this

I have gained new ideas, knowledge and experience

incredible experience

It just gets better and better each day

I like this course and think that it is perfect

I loved this programme

amazing experience throughout

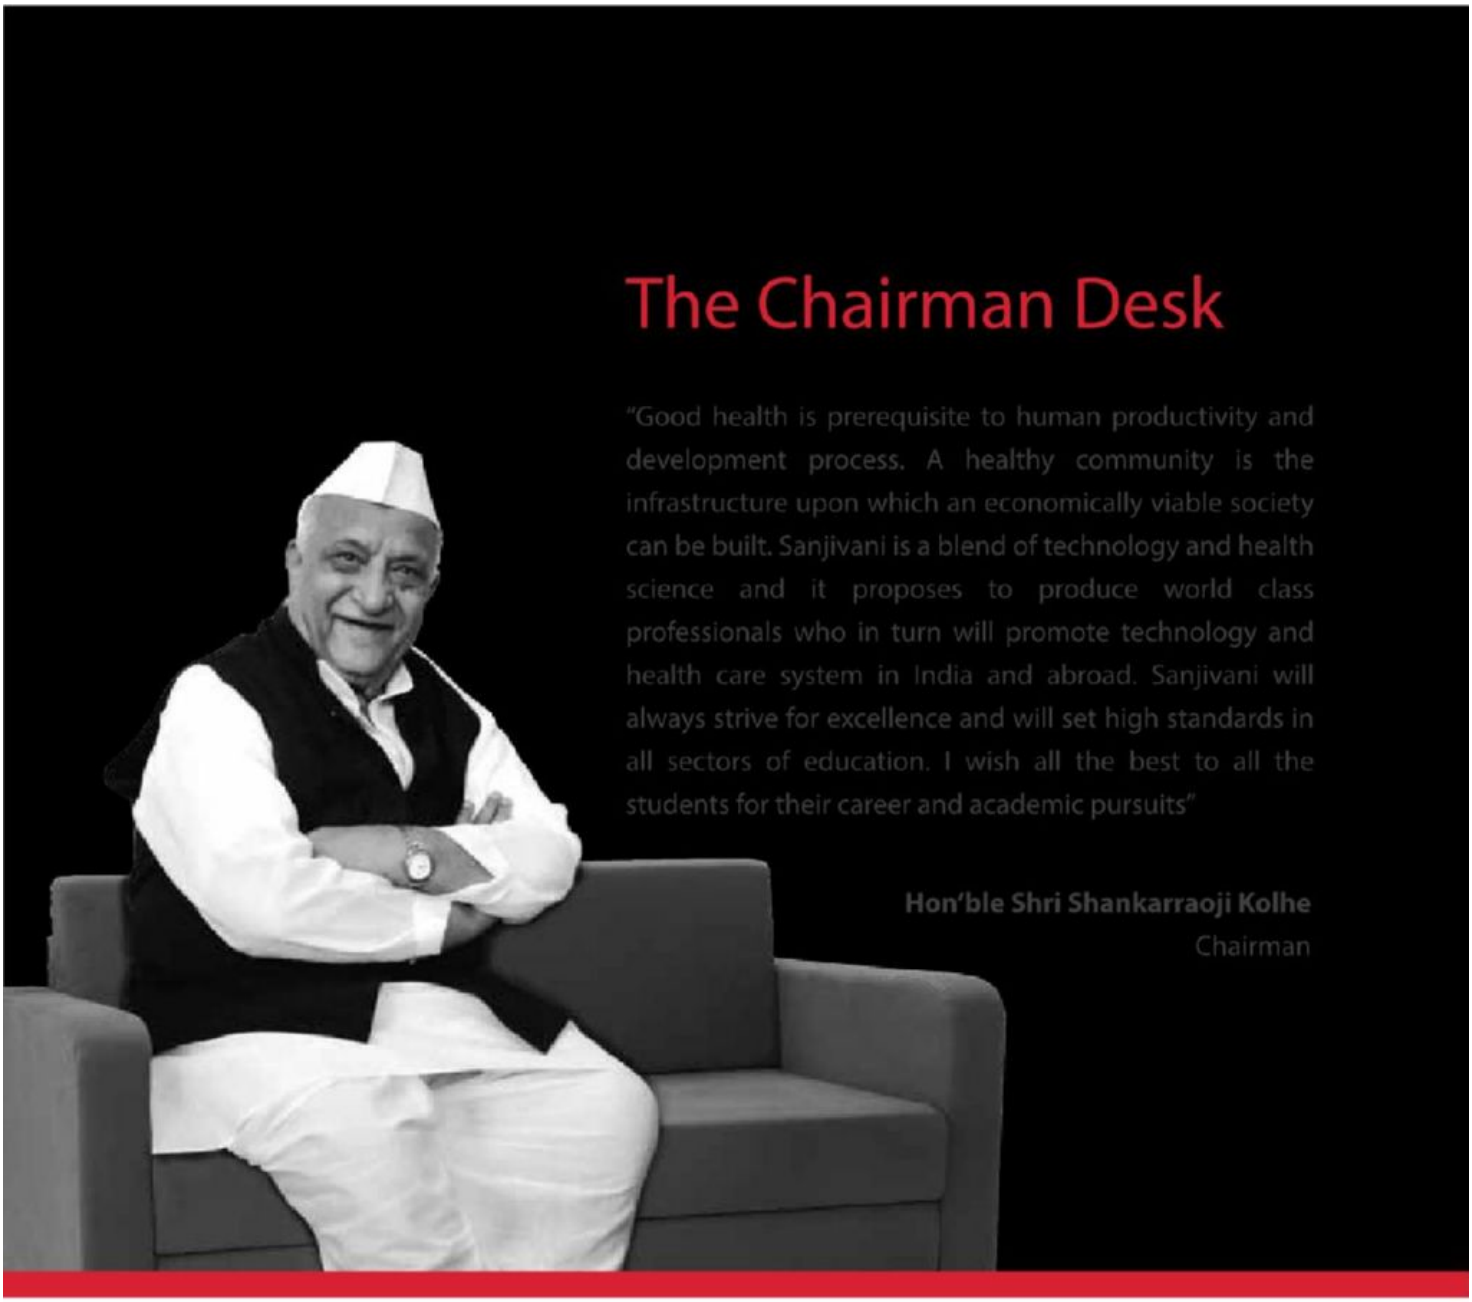
Sanjivani has helped me to go to my dream future

a great courses

everyday I learn new things with Sanjivani

the experience has been exhilarating

- Thank you



The Chairman Desk
"Good health is prerequisite to human productivity and development process. A healthy community is the infrastructure upon which an economically viable society can be built. Sanjivani is a blend of technology and health science and it proposes to produce world class professionals who in turn will promote technology and health care system in India and abroad. Sanjivani will always strive for excellence and will set high standards in all sectors of education. I wish all the best to all the students for their career and academic pursuits"

World-class living and learning facilities

H'ble Shri. Shankarrao Genuji Kolhe Saheb, Chairman Sanjivani Rural Education Society & Former Minister of Transport, State Excise & Urban Land Ceiling, Govt. of Maharashtra, established Sanjivani Rural Education Society in 1982.

Maharashtra State is one amongst industrially advanced states in India. On account of the growth of large scale and small scale industries, the demand for the technical personnel is ever increasing. The output from existing Government Polytechnics and a few private aided polytechnics was limited. The industries of Maharashtra, therefore had to rely heavily upon other states for technical manpower. Then Chief Minister of Maharashtra, Padmabhooshan Late Shri Vasantdada Patil realised the gravity of the problem in respect of acute shortage of engineers, decided to permit voluntary organisations to start Engineering & Polytechnic Colleges and urged them to take an initiative in this regard.

Honorable Shri S.G. Kolhe, Chairman, Sanjivani (Takali) Sahakari Sakhar Karkhana Ltd. & Ex-Minister for Transport, State Excise and Urban Land Ceiling, Govt. of Maharashtra responded to this appeal, and obtained permission from Govt. for Engineering College (Courses - Civil, Mechanical, Electronics Computer Engg.) and K.B.P. Polytechnic at Kopargaon in the academic year 1982-83 under Sanjivani Rural Education Society, which has been registered as a Public Trust.

Our Key Facts

Our Vision

Our Vision is to create academic excellence and to make world class engineers for socio - economic upliftment of rural India

Our Mission

Our mission is to make use of Engineering and Technology the principal instruments of economic development, to improve the quality of life of people through Education, Training and Research.

We are committed to the development of technical human resources towards socio-economic growth of rural India for global competitiveness.

College of Engineering

Sanjivani Rural Education Society's College of Engineering, Kopargaon is one among the premier technical institutes in Maharashtra state in the private sector. It was established in 1983 by Sanjivani Rural Education Society under the charismatic leadership of Shri. Shankarrao G. Kolhe, the Institute had its vision for social transformation and, upliftment of rural masses through

Salient Features

- Established in 1983,
- Affiliated to University of Pune
- Approved by A.I.C.T.E., New Delhi
- Graded as "A" Grade Institute by D.T.E. Mumbai, Govt. Of Maharashtra
- NBA accredited courses
- 100 MBPS Leased line for internet facility , Campus wide Wi-Fi Network

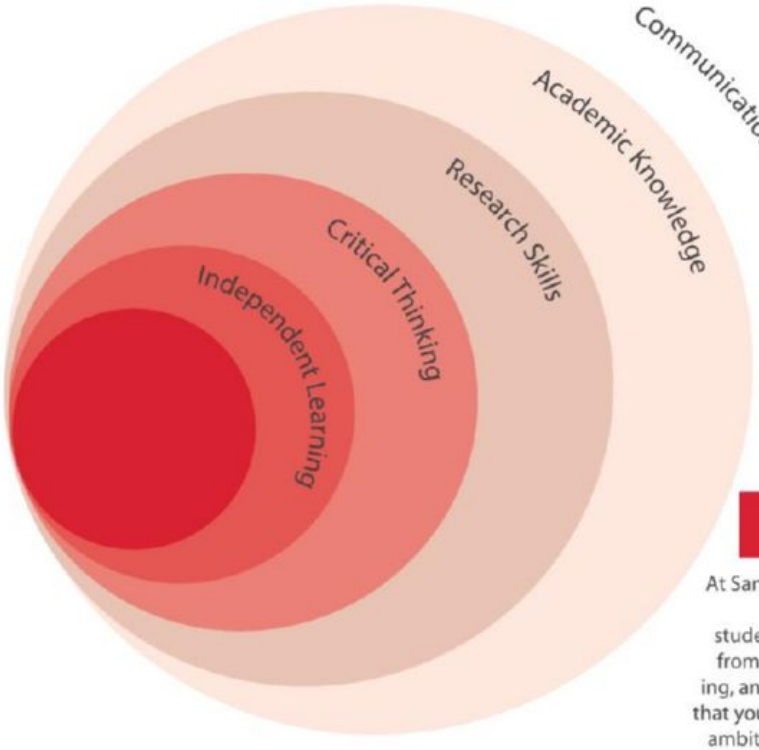
uplift ment of rural masses through education, training and research. The college is permanently affiliated to the University of Pune and is approved by the All India Council for Technical Education (AICTE) New Delhi. Various programs offered are have already been accredited by the National Board of Accreditation (NBA).

wide Wi-Fi Network

- Diesel generators for ensuring uninterrupted power supply to whole campus
- Medical care unit with qualified medical officer
- Well-equipped Library and Reading Hall
- Separate Hostel for 1200 boys and 300 girls
- Gymkhana with modern equipment
- Dedicated Training and Placement assistance
- Regular guidelines to students for preparation of competitive exams like: GATE, TOEFL, GRE, IELTS etc.

University Preparation

Need to Succeed



Exceptional Teaching

At Sanjivani our professors are all highly qualified and have extensive experience of helping students to prepare for success. You will benefit from small class sizes and university-style teaching, and receive termly progress reports to ensure that you remain on track to achieve your academic ambitions. As well as developing your Communication Skills and academic knowledge, our courses

are designed to ensure you develop the skills in critical thinking, research and independent learning – everything student need for success.

1:12

Overall professor to student ratio across the Sanjivani network and small classes deliver a first-class study experience.

Faculty & Student Exchange Programme

Sanjivani Rural Education Society's College of Engineering started its MBA Programme from the academic year 2010-11 with the objective of imparting management education to the rural masses. This is a two years full time MBA programme approved by AICTE New Delhi & Affiliated to University Of Pune. To differentiate from other institutes Sanjivani MBA has always tried its best to give something value addition to the MBA students. For this, Sanjivani MBA has made collaborations with-

Under this we are sending our students to University of Lethbridge, Canada for summer Internship in Canadian companies as well as for the specialization course. Also the Canadian students plan to visit Sanjivani.

The Poznań University of Economics is one of the most prestigious business schools in Poland. Under this we are sending our students and faculty at University of Poznan for a semester and also the students and faculty will come to learn at our Institute.

Mini Projects

After a semester Examination, during vacation of 15 days in December, we are giving Winter Projects to the students on various corporate, Economic and social issues.

Mentor Program

For career counselling and overall development of the students we have a mentorship Program. For a group of 15 students we had assigned one faculty as a mentor.

Runner up & Best Performer	GENPEX 2014, Project Exhibition & Competition Jalgaon, on 18 march 14		

Professional Association

IEEE

IEEE is the world's largest professional association dedicated to advancing technological innovation and excellence for the benefit of humanity. IEEE and its members inspire a global community through IEEE's highly cited publications, conferences, technology standards, and professional and educational activities.

Computer Society of India (C.S.I.)

Formed in 1965, the CSI has been instrumental in guiding the Indian IT industry down the right path since its formative years. Today, the CSI has 73 chapters all over India, 418 student

branches, and more than 90000 members including India's most famous IT industry leaders, brilliant scientists and dedicated academicians.

Activities Conducted:

- Internet Awareness Program
- Quiz Competition
- Surf and Present
- Mini project Competition
- Essay Competition
- Profest 2K12 A Software Project Competition
- Expert Lecture on Website Testing
- Expert Lecture on Cyber Security

Indian Society for Technical Education (ISTE)

ISTE was founded in the year 1967 with a mission to advance for the cause of education in general and all its function which pertain to engineering and allied branches of engineering and technology, architecture and town planning, pharmacy, management, process of teaching and learning, research, extension services and public relations in particular. The main goal is to serve as a common agency for stimulating and guiding its members to formulate the general goals and responsibilities of technical education for the service of mankind and the advancement of general welfare.

Activities Conducted:

- Aptitude Test • Puzzle Competition • Quiz Competition • Art Attack
- Group Discussion • Personal Interview • Inter-Organization Competition
- Debate Competition

Society of Automotive Engineers India - SAE INDIA

SAE is the international organization for advancing mobility on land, sea, air and the space. The SAEINDIA Collegiate Club was formed by students from all branches of Engineering. The main aim of the Collegiate Club is to enhance the knowledge of students through various activities related to automotive.

The SAEINDIA Collegiate Club was established in the year 2000 initially named as SAE Student's Chapter. Later on in Year 2007-08 it is named as SAEINDIA Collegiate Club. For academic year 2013-14 SAEINDIA Collegiate club involves 80 students member from PG & UG courses. The counseling body is formed consisting of faculty and students.SAE organizes different activities throughout the academic year like:

SAE organizes different activities throughout the academic year like:

- SAE Opening & Desitech Briefing
- Workshop on DC motor Robot

- Auto Quiz-1
- Workshop on Robotics (Based on MATLAB)
- Auto Quiz-2
- Expert Lectures
- Robomania , Roboaqua
- Enginotech

IETE STUDENTS' FORUM (ISF)

The Institution of Electronics and Telecommunication Engineers (IETE) is India's leading recognised professional society devoted to the advancement of Science and Technology of Electronics, Telecommunication & IT. Founded in 1953, it serves more than 60,000 members through various centres, whose number is 65, spread all over India and abroad. The Institution provides leadership in Scientific and Technical areas of direct importance to the national development and economy. The IETE conducts and sponsors technical meetings, conferences, symposia, and exhibitions all over India, publishes technical journals and provides continuing education as well as career advancement opportunities to its members.

The IETE Students Forum {ISF} started functioning in the college since March 2005. It has strength of 242 student's members and 10 corporate members. This forum organizes different activities throughout the academic year like:

- Workshop on Embedded system, Protel & Proteus software.
- Guest lecture on technical topics
- Technical quiz
- Aptitude & Verbal ability tests
- Engineering knowledge test {EKT}
- Essay competition

Sanjivani Sainiki School & Jr. College, Kopargaon

Sanjivani Rural Education Society is established in 1982-1983 under the dynamic leadership of Hon. Ex. Minister Shri. Shankarraoji Kolhe Saheb. The main aim of the institute is to provide education to the students of all categories in the society. The Society runs College of Engineering, Polytechnic, ITI, Pre Cadet training Centre, B. Pharmacy, D. Pharmacy, B.Ed. College, D.T.Ed., M.B.A., Ashram School, Sanjivani Academy-A CBSE School etc. It is always said that, "NDA is in Maharashtra but Maharashtra is not in NDA". In line with this quotation, Hon. Shri. S.G. Kolhe realized the seriousness of the acute shortage of Military Officers in Defence services from Maharashtra. Considering this, Sanjivani Rural Education Society runs the institute.

- Huge school building with specious class rooms.
- Digital class rooms.
- Well-equipped four laboratories (Physics, Chemistry, Biology & Computer Science).

- Well-furnished hostel facilities.
- A fully equipped mess with nutritious food.
- Large multipurpose sports ground.
- Compulsory computer education from 5th STD.
- Rich library having Books weekly, Monthly Magazines for Competitive Exams
- Examinations purpose as well as English, Marathi Newspapers, Periodicals and Reference Books etc.
- A tutor system is implemented for every 15 students.

Students Zone

National Service Scheme

The National Service Scheme (NSS) is an Indian government-sponsored public service program conducted by the Department of Youth Affairs and Sports of the Government

of India. Popularly known as NSS, the scheme was launched in Gandhiji's Centenary year, 1969. Aimed at developing student's personality through community service, NSS is a voluntary association of young people in Colleges, Universities and at +2 level working for a campus-community linkage. The cardinal principle of the NSS programme is that it is organized by the students themselves, and both students and teachers through their combined participation in community service, get a sense of involvement in the tasks of nation building.

Annual NSS Camps.

Camps are held annually, funded by the government of India, and are usually located in a rural village. Volunteers may be involved in such activities as:

1. Cleaning
2. Afforestation
3. Stage shows or a procession creating awareness of such issues as social problems, education and cleanliness
4. Awareness Rallies
5. Inviting doctors for health camps

There are no predefined or pre-assigned tasks; it is left up to the volunteers to provide service in any way that is feasible. Camps typically last between a week and 10 days, although camps for shorter periods are also conducted.

Shri Saibaba College of Education (B.Ed.) & Diploma in Teacher Education (D.T.Ed.)

Under the guidence of Ex. minister & Hon. Chairman Shri Shankarrao G. Kolhe, Sanjivani Rural Education Society is established Shri Saibaba College of Education (B.Ed.) in academic year 2004-2005 and Diploma in Education (D.Ed.) in academic year 2005-06 with view of giving scope to educate youth for acquiring Bachelor of Education degree to enhance their skills and competencies to join teaching profession.

The goal behind these establishments is to carve out, good teachers who can be instrumental in nurturing and nursing the future of citizens of the country.

Sanjivani International School, Navi Mumbai

Sanjivani International School was founded in 2005 by Veteran National Congress Leader and educationist hon'ble Shri Shankarrao Genuji Kolhe with the motto "Education for Enrichment, Enhancement and Excellence". Shri Shankarrao Genuji Kolhe is the founder, Chairman of Sanjivani Rural Education Society which was established in 1982. Sanjivani School is one of the 10 educational institutions managed under the able and dynamic leadership of Chairman (Ex. Minister and MLA of Maharashtra state) Shri.Shankarrao G.Kolhe and Shri. Nitin Shankarrao Kolhe, Executive Trustee. The society is running a College of Engineering, a Polytechnic, a College of Education, a Sainik School & many Jr. Colleges.

Vision: To strike a balance in upholding the cardinal values of our country on one hand and the ideals of a progressive modern global society on the other

Motto: Confidence, Creativity and Conviction

Mission: To create individuals who are capable of doing new things creatively and confidently with conviction.

1. Empowering students.
2. Strengthening their abilities to make right choices in life.
3. Enabling them to act as leaders within the community.

Our Institutes

K.B.P. Polytechnic

Maharashtra State is one amongst industrially advanced states in India. On account of the growth of large scale and small scale industries, the demand for the technical personnel is ever increasing. The output from existing Government Polytechnics and a few private aided polytechnics was limited. The industries of Maharashtra, therefore had to rely heavily upon other states for technical manpower.

The Chief Minister of Maharashtra, Padmabhooshan Late Shri Vasantdada Patil realised the gravity of the problem in respect of acute shortage of engineers, decided to permit voluntary organisations to start Engineering Colleges & Polytechnics on "No Grant" basis and urged them to take an initiative in this regard.

Honorable Shri S.G. Kolhe, Chairman, Sanjivani (Takali) Sahakari Sakhar Karkhana Ltd. & Ex-Minister for Transport, State Excise and Urban Land Ceiling, Govt. of Maharashtra responded to this appeal, and obtained permission from Govt. for Engineering College (Courses - Civil, Mechanical, Electronics Computer Engg.) and K.B.P. Polytechnic at Kopargaon in the academic year 1982-83 on "No Grant" basis under Sanjivani Education Society, which has been registered as a Public Trust.

Sanjivani College Of Pharmaceutical Education and Research

The sanjivani college of pharmaceutical education and research was established in the year 2004 with the four-year Bachelor's programme in Pharmacy (B. Pharm.) affiliated to the Pune University, two-year Diploma programme in Pharmacy (D. Pharm.) recognized by the Directorate of Technical Education was started in the year 2003. The SCPER is approved by All India Council Of Technical Education and the Pharmacy Council of India,New,Delhi.

The Institute pursues the philosophy of perpetual acquisition of knowledge. Apart from academic curriculum, our policy has been to provide value based education and to expose the hidden potential in the students. Our students have free access to the computer facilities and are provided with LCD projector in the class room for their seminar presentation. Our aim is not to make the students mere job-seekers but to make them the architects of their future.

The average result each year is above 90%. Over the years, several distinction holders and University toppers have graduated from our institute. Our students not only excel academics but they have been champions at various cultural and sports competitions.

The B. Pharmacy programme of college is permanently affiliated to the University of Pune since 2012 and has received accreditation from the NBA from 4th Jan 2013 for three years.

Our Infrastructure

Successful students invest in their education and Sanjivani provides the best living and learning experience in return.

Classrooms are equipped with the latest technology, including interactive whiteboards and flip screen computers, to make lessons enjoyable and stimulating. Custom-built lecture theatres and modern laboratories provide ideal surroundings. All students have access to the College's virtual learning environment for downloading lecture notes and other useful course content, as well as taking part in online discussions with teachers and classmates. Wireless internet access throughout ensures students can benefit from 24-hour access to the extensive range of e-journals available through the College's online resources.

CAMPUS

The Institute is situated in its own Campus, at a distance of 100 Kms from Ahmednagar and 100 kms from Nasik. The location is just 15 kms from the Holy shrine of Shirdi (Sai Baba). The Campus is at a distance of 0.5 km from Kopargaon Railway station and well connected via roads and communication facilities. The Campus spread over 27 acres of land, provides an ideal environment for Education.

Sanjivani Academy (A CBSE School)

The Sanjivani Academy is a new venture under taken by the Sanjivani Group of Institutions. It is a co-educational CBSE School located on the Nagar-Manmad highway at Kopargaon. Build on a sprawling campus, the school offers a pollution free environment far away from the maddening crowd of the city life.

Whilst imparting knowledge and education, The Sanjivani Academy strives to strike a balance in upholding the cardinal cultural values of our country on one hand and the ideals of a progressive modern global city on the other.

Infrastructure

The School provides a modern infrastructure with excellent amenities suitable for seeking quality education. The modern is so designed to make learning a rich experience.

Class Rooms

The school has spacious and airy digital classrooms with well-equipped modern teaching aids like whiteboards, blackboards etc. The environment in class is very interactive and various technological programs like Multimedia, Modal, Group activities and class discussion will make sessions more interesting.

Library

'Reading is to the mind what exercise is to the body'. The school library promotes reading and inculcates the discipline of self-study amongst students. The collection of books and CD's in the school library range from short stories, poems, adventure stories, General knowledge etc. The students of the school are encouraged to develop the habit of reading. They are given opportunities to explore, share and complete projects planned in their curriculum.

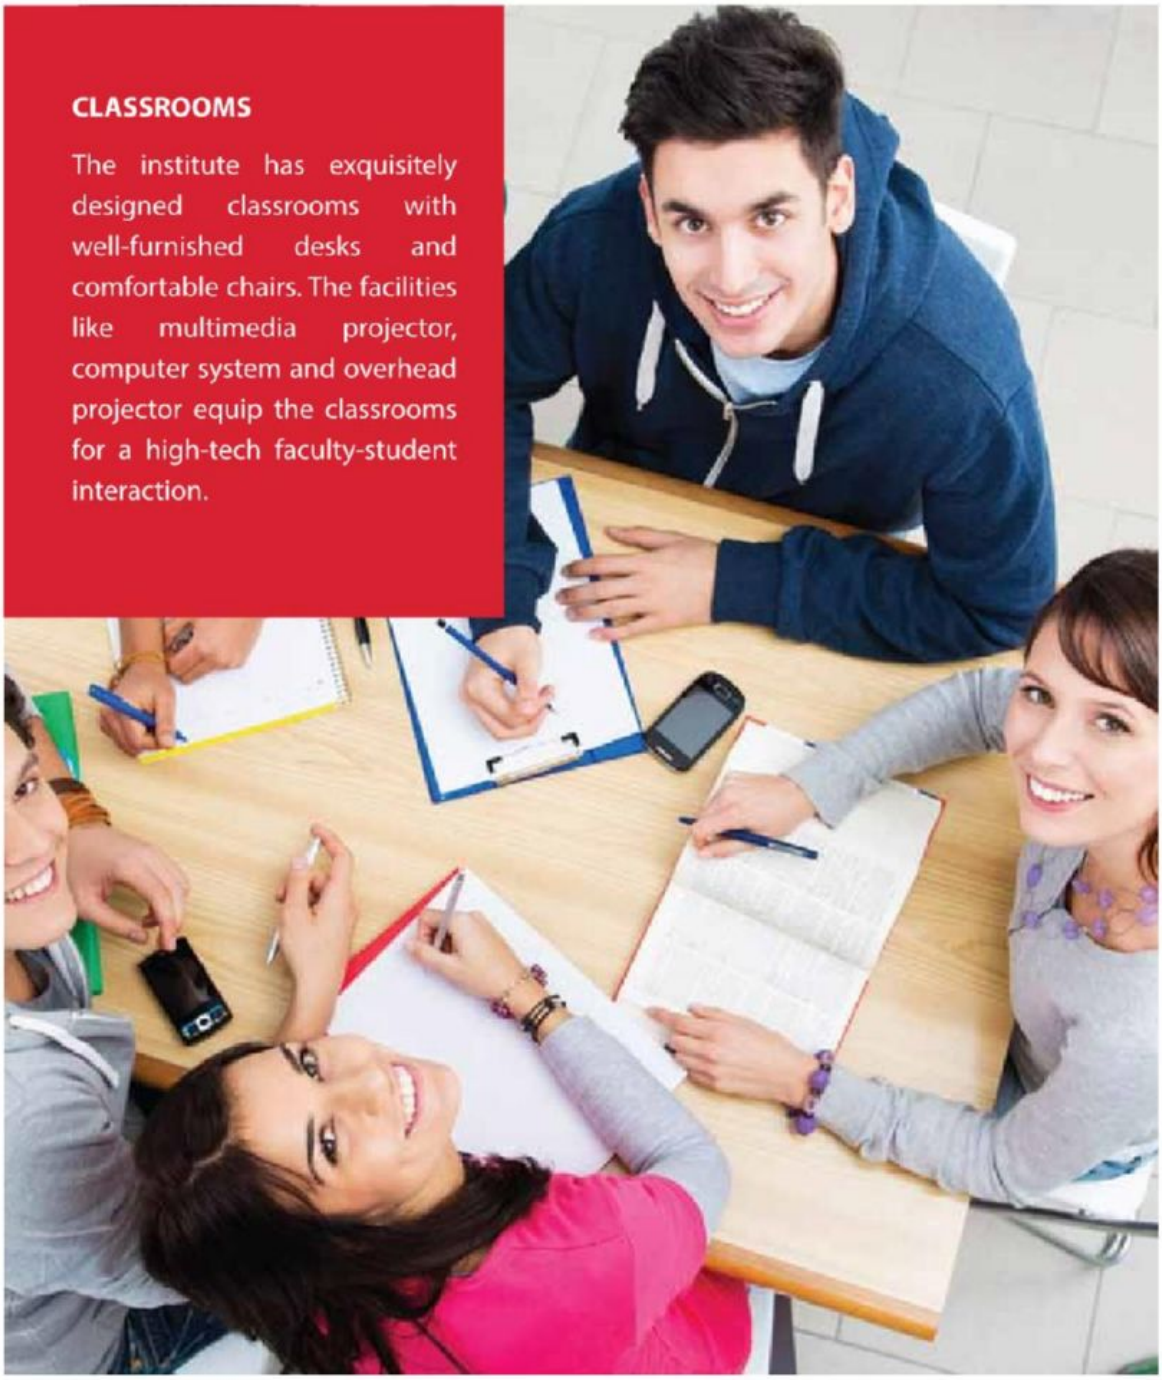
Computer Lab

Today's Era is of Computer and Technology. Considering this fact, the School intends to give a thorough knowledge of computer and technology to the students. For this purpose, a well-equipped computer is set up to give excellent computer education.

And many more Sports and Extra-Curricular Activities…..

CLASSROOMS

The institute has exquisitely designed classrooms with well-furnished desks and comfortable chairs. The facilities like multimedia projector, computer system and overhead projector equip the classrooms for a high-tech faculty-student interaction.



Classroom

Laboratory

Classroom

COMPUTER LAB

The Computer lab is well equipped with the state of art computing resources to cater the need of the academic as well as the administrative activities of the Institute. All the Computers are connected through Internet with a 100Mbps Leased line. The students can access the Internet 24 hours through Wi-Fi facilities provided in the Campus.

LIBRARY

In present situation library can be called as an excellent information center. Dissemination of knowledge & information is the main function of the library and the library generates information through various form of collections, such as textbooks Journals & Periodicals etc.

GYMNASIUM

The Institute believes in providing state of art facilities for the overall development of the students. The facilities are provided in terms of spacious playgrounds and other amenities for all kind of sports. Separate Gymkhana with facilities of indoor games and multi-gym have been provided in the campus.

HOSTEL

Residing in the hostel provides students with the opportunity to experience living in a community dedicated to the academic and personal development of individual members. Hostel accommodation is available for students.

WHY Choose Sanjivani

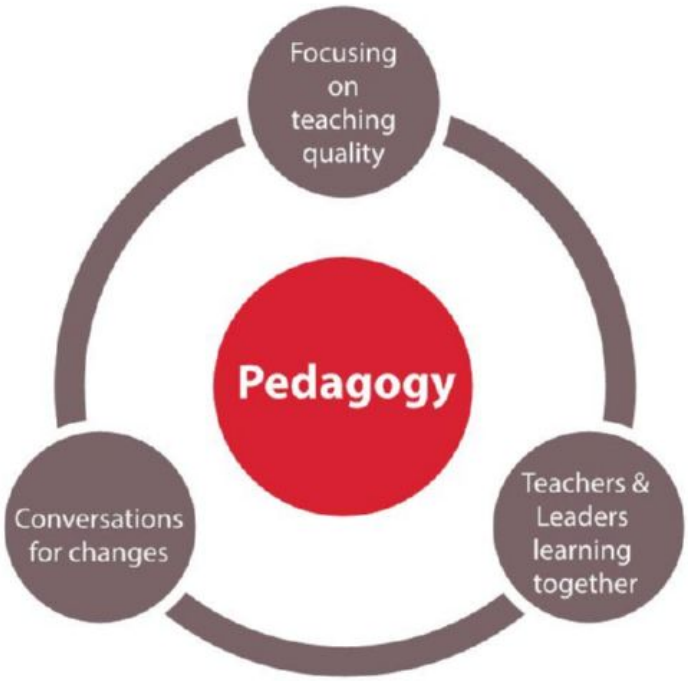
Sanjivani Group of Institutions, kopargaon has come a long way since gaining Institutes title in 1983. In fact, we are now among the preferred Institutes in India. Get on track for a global career with Sanjivani's specialised engineering degrees. Sanjivani strikes the perfect balance between specialised degrees and transferable skills. Straight away you'll start figuring out what sets your discipline apart from other types of engineering. By the time you graduate, you'll already have four years' experience in your specialisation. At the same time you'll share major subjects with other students in related degrees, so you'll find out how your knowledge connects to different engineering disciplines. You'll work with peers as part of multidisciplinary teams giving you insight into the big picture.

Sanjivani's project-based learning approach gets you into teams and into the lab right from first year—not just because that's the way engineers work, but also because projects are the best way to harness your creativity and inventiveness. Best of all, Sanjivani encourages you to see engineering on a global scale. Through community-building projects for Engineers Without Borders, or industry placements in top Indian companies, your horizons will expand, and you'll understand how engineers can help create a more sustainable world.

Sanjivani is certainly a special place with skills and dedications. Since last 31 years we have used education, research and technology to transform the lives of our students, our community and the society. Our students, from various geographical area, create a cosmopolitan and lively learning environment. Our Faculty staff is very educated & experienced . We are committed to build the trust that follows in the wake of our kopargaon location and look forward to welcoming you to our Institute.

Shri Amit Kolhe
Managing Trustee

Pedagogy



Case Study Approach

The practice of putting students in the shoes of engineers and applying the analytical skills to real-life unstructured problems has proved to be a successful approach to learning over the years. Adopting this strategy, Sanjivani exposes its students to case studies, covering an array of subjects, which are discussed in the class by the faculty and also among the student fraternity to enhance learning.

Term Projects

An integral part of the Sanjivani curriculum is the Term Projects which each student prepares for each subject during the semester. It is a combination of the insightful research and analytical thinking on a topic that is a reflection of what is taught in the classroom and its relation to the current project scenario. The term projects are the perfect mix of academic research and practical scenarios which is central to every E-School & B-School.

Industry Aligned Pedagogy

In furtherance of the principle of Industry aligned growth, Sanjivani also includes guest lectures from industry experts as well as live projects as part of the course curriculum. This ensures a continuous Industry Interaction process that aims to provide students with an insight into current global trends and future project opportunities.

> *"Management is efficiency in climbing the ladder of success; leadership determines whether*

the ladder is leaning against the right wall."

- Stephen R. Covey

CAFETERIA

The canteen located in the Institute's premises catering to the needs of the students is the essence of hygiene and quality food at reasonable prices. The aesthetically designed Cafeteria, managed by the institute serves delicious food to students and faculty.

Assembly Hall

The Assembly Hall has a good numbers of seating capacity. It has excellent acoustics and it is well equipped with modern audio visual facilities for presentation.

Playground

A large playground is available to the students for sport, jogging, PT exercise etc. Annual sports events are also organized on this ground.

Workshop

We believes in imparting strong practical

exposure to its students. Modern workshops and labs are an integral part of the various departments of the College. Each department maintains its specialized labs and workshops.

Teaching & Learning Facilities

Library Services

The main central library occupies square building and includes the library and other specialist collections. In addition there are other dedicated campus libraries. Library facilities include:

Total Library Collection:	44059
Total No of Titles:	15045

Total Periodicals and Journals :

A) National:	122
B) International:	53
C) E-Journals:	662

Information professionals in the library work closely with Sanjivani Group of Institutions to provide customised inductions and deliver information skills training that help students make the most of the resources available to them.

The Students Committee

Sanjivani Group of Institutions Students' Committee has a wide range of services, events, sports clubs, societies and other forms of entertainment specifically designed to ensure you have a great college experience.

The Students' Committee has various clubs and societies which are a great way to get involved in college life and make new friends. The societies cover a wide range of academic, cultural, political and religious interests, while there are clubs for most sports from martial arts to basketball.

If you want to kill any idea in the world, get a committee working on it.
-Charles Kettering

Computer Lab

- 100 Mbps Leased line is available for Internet
- 24 Hours Internet facility is available
- Intranet facility is available throughout the College
- Moving towards paperless organization
- Internet through Wi-Fi.

Sanjivani in Media

Auqa Robotics at IIT Indore

DIPEX-Srijan competition.
Our students won First Prize at DIPEX-Srijan competition 2014

First Prize to College Magzine "Sanjivan" at Ahamadnagar region under University of Pune

Industry Interaction

Top executives from various industries have visited the Sanjivani Group of Institutions over the past year. Delighting and enriching quite a few minds of students with their lectures and ensuing Q&A sessions. Through these interactions, students have gotten to know much about how industry works and the kind of complex problems they face. The speakers have often shared startling facts and insights with the students which has helped them to understand the complexities of modern trend in industries.

Sanjivani Group institutions are progressive and forward looking. The group culture seems to

"We take necessary steps to make certain we continually improve through our hard work and dedication, I saw Sanjivani takes necessary steps to improve their student future."

"The kind of energy and enthusiasm this batch has, I am sure this batch is going to touch zenith by all ways."

fosters all round development of the students. The focus on academics and extra-curricular activities instills value-driven leadership in the students and makes them ready for the industry. The industry-academia collaboration initiatives taken by the group exposes the students to the needs of the industry to a good extent. The students are bright and ambitious.

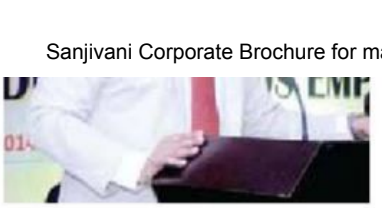
Viraj Profiles Ltd.



Apart from housing one of the most sought after institutions in India, the self-contained campus is also a great place to be in. Located in Kopargaon near holy city of sai baba Shirdi, Sanjivani group of Institute is definitely on the wish list of every 'to be' engineer of India.

09 ***Mr. Vijay Deshpande***
Director -HR- SKODA-AUTO India

HR Meet

The aim of conference was to create a platform and facilitate knowledge sharing on importance of skills required by industry from fresh graduates in achieving corporate objectives. Majority of youth, coming from villages, should be shown the right path to become skilled professionals. Youth are full of capacity and enthusiasm, which can put forward the state in all directions. There is no dearth of talent but the need of hour is to show them a right path. Governments, employers' associations and trade unions around the world are working to improve the employability of fresh talent, move young people into productive and decent work, and increase the productivity of enterprises through better quality education & relevant training.

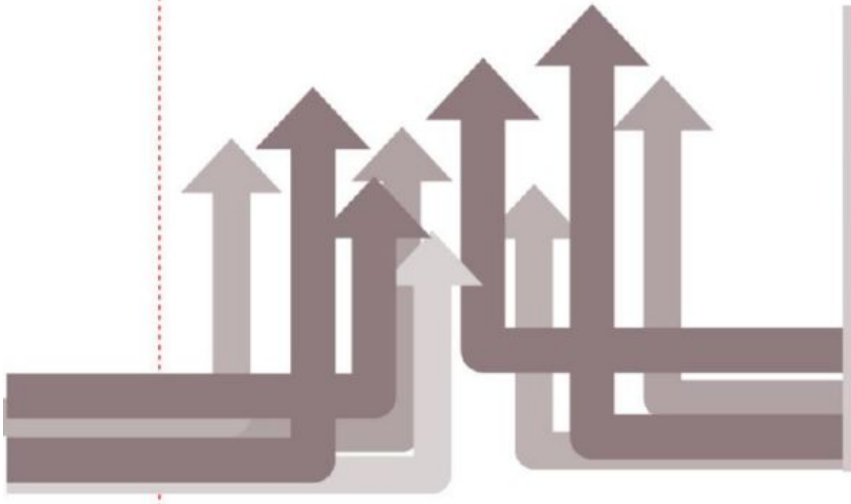
03 **Mr. Deodutta Kurane**
Advisor - Group President HR- Yes Bank



There's nothing to say that hasn't already been said about Sanjivani College of Engineering, Kopargaon. Definitely the best engineering college in India. Sanjivani really is a special place, and it's the students who make it so special. Intelligence, passion and energy are some great traits to have, and they seem to be pretty common in the students here.

HR Conference

Sanjivani Group of Institutions in collaboration with Universal Management Forum (UMF) organized two days HR Conference on "Skill Building Towards Employability" for the students to understand the Future: Training, employment, occupations and employability in this challenging scenario. The event was organized at St. Larun Hotel, Shirdi where all the HR Leaders took darshan of Sai Baba after the conference was over.

Co-curricular Activities

The students participate in a large number of various co-curricular activities cultural and sports. Sports and gym facilities available in the college are excellent.

Every year the college students organize a cultural festival, including sports festival Arena. Students from other colleges participated also. This is the time when students enjoy most and many hidden talents, other than academic, show up. Our students also go to other institutions and participate in various activities.

Placement Activities

Sanjivani Group of Institutions successfully concluded its placements for this year with recruiters from various industries participating in the process for the Engineering & MBA batch.

Sanjivani reinforced its relationship with the through frequent visits, interactions with the top management and facilitation of Faculty Development Programmes, Student Visits, Industrial Training, and Project Guidance under Corporate Action Plan.

past recruiters and forged relationships with many new recruiters at the same time. The Institute's strong focus on producing socially responsible leaders was the major attraction for recruiters.

Corporate India has begun taking notice of the value-based education students receive at Sanjivani. This may be the primary reason why employers recruit in such large numbers, year after year, from Sanjivani. During the placement season, Sanjivani main campus at Kopargaon serves as the focal point where students from all the branches assemble for campus placements.

Placement Cell Activities

- Enhancing Industry-Academia association
- Utilising the vast network of alumni, the corporate relations departments of sister institutions / other campuses and eminent personalities who are devotees of Sanjivani, for the benefit of students.
- Obtaining feedback from employers on the performance of students to enhance the quality of students.
- Assisting in improving the employability of the students by organising special training with the help of experts from Industry.
- Building rapport with the top management of companies by organising visits of CEOs, COOs, Presidents, VPs and GMs to the Institute.

Placement Process

The placement process for the academic year is tentatively scheduled from July to June.

The Placement Process at Sanjivani Group of Institutions is organized by the Corporate Relations Team, the official body responsible to initiate, organize and secure the best placements for the students of Sanjivani Group of Institutions, Kopargaon. Corporate Relations Team organizes the entire process starting with the Pre-Placement Talk (PPT), which offers a platform for an interaction between the potential recruiters and students followed by Final Recruitment Procedure. The Placement Office is committed to continue the placement process till all the students are placed. Student Coordinators, who are part of the Placement Team, are available to assist the company representatives during the PPT and Final Placements.

To initiate the formal Placement Process, we request you to furnish following details for the kind perusal of our students.

- Brief about your esteemed organization
- Job designation, Job description and Nature of Business (in detail)
- Specialization along with eligibility criteria
- Method of selection
- CTC + Benefits in detail along with break up
- Job location
- The likely date for Campus Recruitment
- Bond details if any

The selected students will be available to join the company tentatively in the month of May-June after completion of their university exam.

A history of academic excellence

I am really grateful to the Placement cell who helped me all year long to help brush up my communication skills and most importantly help me get rid of the fear of giving interview. The mock drills provided by the college boosted the confidence to clear the recruitment process and eventually I got recruited .

Sanjivani is a combination of excellence and a learning environment. Sanjivani gives its students the best placement platform to realize their dream of a successful corporate career. I am lucky to be part of such a reputed college and moreover I appreciate the efforts of the college professor.

My placement journey has been an eventful one with lots of ups and downs. I remember how nervous I used to get when I had to sit for any interviews. Through various mock-drills and regular interactions with the college professor, I gradually became more and more confident and eventually I was offered a job.

Life at Sanjivani

The keen involvement of our students in cultural and sports activities reflects the institute's commitment towards developing leaders with an outlook attuned towards nurturing the future while preserving and learning from the past. The various initiatives taken by our students have been beneficial not only to them, but have also left a positive impact.

Ganesh Chaturthi Celebrations

Ganesha Chaturthi, the great Ganesha festival, also known as 'Vinayak Chaturthi' or 'Vinayaka Chavithi' is celebrated by Hindus around the world as the birthday of Lord Ganesha. It is observed during the Hindu month of Bhadra and the grandest and most elaborate of them, especially in the western India state of Maharashtra, lasts for 10 days, ending on the day of 'Ananta Chaturdashi'.

The whole Student comes to worship Ganesha in beautifully done tents. These also serve as the venue for free medical checkup, blood donation camps, charity for the poor, dramatic performances, films, devotional songs, etc. during the days of the festival.

Dasara Celebration

When it is Dasara, spirit of India is visible in everything. This festival is celebrated not only in India but in almost all eastern countries. *Dasara is the festival of Victory of Good over Bad, God over Devil.* Faculty and students are invited to a traditional 'Vijaya-dashami'. All the students dress in their traditional attire and serve lunch on a green paper leaf in the shape of the plantain leaf.

Sports

Sports and games are a major focus at Sanjivani and a host of tournaments are held for varied disciplines such as Cricket, Basketball, Tennis, Table Tennis, Chess, Carom, LAN Gaming and Antakshari. These competitions see many students vying for top honours. The high level of involvement of our students in cultural and sporting events has led to a vibrant atmosphere, buzzing with

energy.
