## SU VISION

Achieving excellence  
is Higher Education through Research,  
Innovation, Participatory Governance  
and Global Presence.

## OUR MISSION

- Transform lives and communities through  
Education and Research
- Achieve Excellence through Participatory  
Governance and focus on quality  
Research and Innovation
- Attract talent through International Partnerships  
and collaborating to achieve highest standards
  - Facilitate learning through student centric  
and empathetic approach
  - Develop Thought Leadership  
with Industry Integration

Is there a place where education can help you find your hidden strengths, your individuality and your confidence?

Is there a place where the joy of education is not lost to the pressure of building a career?

Is there a place which is adapting and changing with the time while still resolutely remaining a centre for Higher Education?

# a place where dreams take shape

Whether you're a student or a parent, you're exploring the Sushant University prospectus because you've heard things about us. As how we are a thriving campus with a bouquet of degree courses that students truly appreciate. About how we have a range of disciplines as diverse as Management Studies and Engineering as well as Hospitality, Law, Health Sciences, Art & Architecture, Planning & Development and Design. At Sushant University, we have tailor-made courses that give the students a career, and not merely a degree.

# a place where knowledge is experiential

At Sushant University, we have known for years that spending time in a classroom is never the same as spending time in this competitive world. We've therefore, always kept an emphasis on career-centric education, giving our students experiential learning with the help of the latest tools and techniques using case studies, role plays, field visits, projects, classroom exercises and the joy of picking the brains of some of the finest faculty from academia and corporate world.

# a place where **careers** **are built** in campus

The School of Law is proud to hold a Moot Court for the benefit of students. In the School of Hospitality Management, students get beyond theory training in the kitchen and serving experience in a fine-dining restaurant in the school building. By the time they look for placements, they feel like they already have job experience. That's of course besides having a great time in the campus.

Infrastructure means the world to the students and we provide exactly that. From vast well-stocked libraries with quiet corners to state-of-the-art computer and engineering laboratories, from fully-equipped lecture theatres and classrooms to round-the-clock high-speed Internet access, the Sushant University campus has it all. Added to that, equipment in every discipline, a versatile sports complex, a beautiful amphitheatre for cultural events, on-campus lockers and on-campus hostels for boys and girls, cafeteria, snacks bars, kiosks, and a Café Coffee Day, so that you'll never want to leave the campus! To top it all, our campus is located at a walking distance of 2 minutes from metro station.

a place  
where  
**curiosity  
is rewarded**

# a place where friendships are formed for life

The Sushant University campus is sprawling enough for you to find a cosy corner and spend years as a bookworm. Or you will do what thousands of students have done – find the greatest friends to hang out with you in the library, in the canteen or in the lush green lawns. There's no greater treasure on campus than the friends that you can share your life and laugh with.

# a place where sport is a way of life

From tennis and basketball courts to football fields, Sushant University is a magnet for athletic and competitive souls. For some students, sport is an evening ritual and for some it's a stress-buster outside the serious endeavours of the classroom.

At Sushant University, we celebrate every sport and it makes us feel duly rewarded.

# a place where students can even develop the campus

All the Schools at Sushant University encourage a culture of freedom and self-learning, experimentation and innovation in a highly energetic and immersive atmosphere, where students sometimes pick up the bricks and build their own café or even add an amphitheatre to the landscape. Development is even greater when the students themselves drive it.

a place  
where  
students  
find the  
teachers  
they truly  
deserve

At Sushant University, students have great respect and love for the faculty. The freedom that professors give, allows independent thinking, ideation and research. It reflects in the work that students display throughout the year in their workshops and on campus walls, annual events and competitive platforms.

because SU  
is a place where  
the student is at  
**the centre of  
absolutely  
everything**

# about sushant university

Sushant University was established in 2012 under the Haryana Private Universities Act 2006. Located in the heart of Gurgaon, India's largest hub of National and Fortune 500 companies, it has seven schools offering programmes in Architecture, Planning, Design, Law, Management, Hospitality, Engineering and Health Sciences.

Sushant University was awarded with the National Education Excellence award "Best Private University in Northern India 2017" along with "CSR Excellence in Education" award for 2 consecutive years i.e. 2017 and 2018. School of Art and Architecture at Sushant University is the flagship school which was started in 1989 and has been consistently ranked No. 1 Private Architecture School in India by the Outlook Magazine.

We are a university with the core ideology of being futuristic and the mission "AHEAD. FOR LIFE". The

curriculum design is guided by inter and trans-disciplinary approach incorporating pedagogies that expand learning opportunities and ensure achieving higher order learning outcomes.

Various schools under the University have carved a niche by offering contemporary programmes with renowned faculty acclaimed nationally and internationally, state-of-the-art infrastructure and facilities to promote academic excellence. The University has collaborated with some of the finest Universities and Institutions in USA, Canada, Australia, France and UK like the University of Warwick, Art University of Bournemouth, University of West England, University of Westminster, London, The Barlett School of Architecture, UCL and Vatel International, in the areas of Curriculum Development, Student and Faculty Exchanges, Joint PhD supervisions, joint research conferences, seminars and study semesters abroad.

# trans-disciplinary learning (TDL): expanding learning opportunities

To expand learning opportunities for students in a programme, the University has introduced TDL courses. Such courses constitute inter and trans-disciplinary studies embedded in all programmes of the University. The aim is to provide an opportunity to students to develop an understanding of connections between a domain specialization and other disciplines. The expanded learning opportunities, so offered, can provide very interesting course combinations in the context of Flexible and Choice Based Credit System too.

The central idea of Trans-disciplinary learning is that, it allows students to authentically make connections among multiple disciplines so that they can construct their own meaning and transfer the learning to the real world

applications, finding solutions to problems. With this approach, students integrate knowledge and modes of thinking drawn from two or more disciplines to brainstorm and arrive at a better solution to a problem/ process improvement.

A trans-disciplinary learning environment helps in bringing education close to real life. It helps prepare our students to understand and respond to the

conditions and concerns of the contemporary world and work towards solving the same, both at the local and global levels. This approach and practice being in tune with the global best practices in higher education creates richer contexts for student exchange programmes with our foreign partners helping them get further sensitized to global and local cultural issues.

# vice-chancellor's message

A person's acquaintance with the reality transpiring around him transforms into his greatest strength with time. Humans have always been adaptable and this quality of ours, paves way for not only our survival but also initiates personal and professional growth thereby catalysing our progress. The world around us is constantly changing at an unfathomable pace. Let alone the business arena, our society is a platform that's riddled with nouveau discoveries waiting to be unfolded. The world, in today's date, has been served to us as an opportunity to be seized – and this opportunity will favour the bold and ingenious. With the necessities of business conglomerates charting an upward trajectory, learned professionals are more relevant than ever, in the global perspective. Diverse opportunities and innumerable challenges – the simultaneous existence of both is desirous of an education methodology that shapes professionals who deliver quality performance in the field of their expertise. That's

what we, at Sushant University, strive to do. We favour the thorough growth of our students by helping them experience both competency-oriented education and multi-disciplinary orientation, thereby influencing their overall performance.

Sushant University derives both from the environment transpiring around and the best of academia, fostering a community of learners who are socially sound and professionally intellectual. With students, teachers, and staff being the three prominent pillars of our institution, we implement a research-focused, participative learning experience that explores innovative practices by engaging diverse group of participants. In the educational arena, raising the bar with respect to knowledge and skills is our forte. We believe that collaboration, incubation, and entrepreneurship, shall sow the seeds of a 'New India', and we are willing to play a crucial role in accomplishing the same.

Varied courses cater to the dreams, aspirations, and ambitions of today's youth with the aid of technology integrated pedagogy, which in turn, inspires creativity and adds to quality, thereby straightening out the competition.

Our responsive, powerful, and renowned sects of alumni are vocal of the reformation that Sushant University has brought about in the field of higher education. While we maintain shared governance with collaborators, partners, and other shareholders, our state-of-the-art educational solutions are crafting leaders who are building, leading, and sustaining organizations on a global scale.

The moment you enrol at Sushant University, you become a part of a revolution that aspires for excellence. I welcome you to embark on a journey that shall help you explore a world of possibilities that await you. Let's learn and excel together, in making the world a better place.

**Dr. D.N.S. Kumar**  
Vice-Chancellor, Sushant University

# history

The legacy of the Chiranjiv Charitable Trust in the realm of higher education goes back to 1989, when the foundation of School of Art and Architecture was laid by Mr. Sushil Ansal, to address the gap in Indian architectural education. The School was conceived with the objective of combining traditional Indian aesthetics and modes of urban planning with the needs of a modern cityscape. As the School made a mark in the field of architectural education under the guiding force of late Fellow of the Frank Lloyd Wright Foundation, Padma Shri MM Rana, the Trust further expanded to establish the Ansal Institute of Technology in the year 2000 and received international recognition in the field of research, extension and global collaborations. The School of Design was instituted a decade later and in 2012, the 'Sushant Group of Institutions' came under the Sushant University, established through the legislation of the State of Haryana under Haryana Private Universities Act 2006.

Various schools under the University, located in a sprawling campus in the heart of Gurgaon, have carved a niche by offering the required educational programs and providing the best faculty and facilities to promote academic excellence. The strengths of the University include firm international collaborations with some of the top Universities of USA, Canada, UK and France like University of Warwick, Arts University Bournemouth, Vatel International, University of West England, Eastern Michigan University, Deakin University, St. Mary's University, ISC Paris, Woodbury University and University of Gothenburg. The organization has a rich intellectual capital comprising more than 150 highly qualified and experienced faculty from diverse fields. Sushant University has hosted industry stalwarts like the late MF Hussain, Sonal Mansingh, Joseph Allen Stein, Mario Botta, Sir James Bevan, Sunil Kant Munjal, Hafeez Contractor, Rajan Anandan, Amitabh Kant, Chetan Bhagat, Raj Jain, Raj Biyani, Raseel Gujral, Ritu Beri and many more.

International internships across various programmes

Industry focussed contemporary curricula with multiple specialisations

Merit based scholarships

International collaborations with premium global universities for academic and research activities

Venture funding for selected projects

Additional certifications during the course of study

Soft skills training spread over all semesters by industry trainers

Contemporary teaching techniques by proficient faculty

# why SU

Located in Gurgaon, India's Biggest hub of Multi-National Companies

2 Minutes away from the Metro Station

Secure hostel facilities within the campus

Well established centre for Corporate relations for training and placement support

Ph.D in Architecture

SAA's vision of achieving innovation in education; international positioning; socially relevant education in architecture; and its long standing traditions of excellence are encapsulated through the national and international accolades received by its current students, its globally strong alumni and its eminent faculty. With over 60 full-time faculty members and around 800 students, SAA is poised to achieve greater heights.

# School of Art and Architecture

Since 1989

Established as the flagship higher education institute of the Chiranjiv Charitable trust in 1989, School of Art and Architecture has positioned itself as one of the premier Architecture Institutes in the country.

With an aim to make and teach architects who are sensitive, have a strong work ethic, are articulate and confident, and contribute positively to the society, the pedagogic and research emphases of the School include: 'heritage', 'sustainability', 'art and aesthetics' and 'hands-on learning'. Through these endeavours, we envision SAA to become the think tank of innovative disciplinary discourses that are ethical, responsible, inclusive, socially effective, global yet rooted within in our context.

The school offers a five-year undergraduate degree in Architecture and a series of two-year Masters in Architecture programmes. The School is recognised by the Council of Architecture (CoA).

## PROGRAMME

Bachelor of Planning (B.Plan)  
Urban & Regional

Masters of Planning (Integrated)

Master of Planning (M.Plan)

- Urban Planning
- Transport Planning
- Policy & Governance

Ph.D (Planning & Public Policy)

# School of Planning & Development

School of Planning and Development (SPD) is born out of Sushant University's endeavor for imparting education that provides global leadership in the fields of Planning and allied disciplines.

SoPD is simultaneously a response to Government of India's initiative to make Planning an integral part of the higher education system as well as an attempt to address the growing needs of creatively, technologically and socially driven planners in the urban ecosystems of the country. It draws from its 5-year long experience as the planning department within the SAA.

The school lays emphasis on building a professional and collaborative student experience through community-based and problem-solving approach to teaching. The programmes will be delivered by experienced faculty and is backed with state-of-art resources, international relationships and vibrant industry networks. The courses at SoPD are designed to provide a progressive, career-ready opportunity in the field of Planning.

# School of Design

School of Design, with its progressive, learner-centered curriculum provides an opportunity to explore new ways of thinking and expressing individual creativity to inspire creative innovation. Its unique collaboration with Arts University Bournemouth provides a global learning experience. Students will receive an Arts University Bournemouth Certificate of Attendance with recognition of appropriate credits by School of Design.

Design education at School of Design (SoD) is centered on the learner in order to develop all the skills needed to be a creative professional. At SoD, the curriculum is planned and transacted keeping in mind the students' individual potential and progress along the path to becoming a design professional. Design thinking is at the core of our mentoring approach which equips our soon-to-be practitioners with the skills to manage the creative process successfully. This is why we have a remarkable near 100% placement rate in the industry.

University Bournemouth's stunning state-of-the-art campus within the curriculum

Students will receive an "Arts University Bournemouth" Certificate of Attendance with recognition of appropriate credits by School of Design

AUB is voted as the highest-ranked modern university South West UK, by The Times and The Sunday Times Good University Guide 2018

AUB is voted as 'outstanding' in the Teaching Excellence Framework (TEF) report with

## School of Health Sciences

Indian Health care system is improving day by day and has increased demand of the competent health care professionals over the last few years. The treatment approaches are multi-faceted and lot more dependent on health care professionals other than just the doctors or nurses. The vast population and its growing health care needs cannot be fulfilled unless the health care team has qualified, educated and well trained health professionals.

At School of Health Sciences, Sushant University, we believe in building professionals who can integrate their knowledge and skills and committed to professional excellence.

Considering the need of present and the future health care individuals in mind, the curriculum design of the programs is adopted from the Ministry of Health and Family Welfare recommended minimum curriculum and is based on skills and competencies with expert faculty and innovative pedagogy.

We offer versatile course in graduate and Post Graduate programmes. The clinical training is in campus labs and in collaboration with leading hospital partners.

# corporate resource center

The Corporate Resource Center (CRC) endeavors to enhance the placement prospects of each student of the University. SU has seven Schools and CRC has been instrumental in providing internship and placement assistance to the students from all the Schools. CRC works as an interface between the industry and the University through industrial visits, guest lectures, interaction with experts, executive development, consultancy along with training and placement. The landscape of business and industry has been changing quite rapidly and the companies now hire persons who can be productive from day one. In view of this, the CRC helps the university to stay updated in line with the changing trends. There are student clubs which proactively organize numerous activities benefitting students immensely by developing organizational and interpersonal skills.

CRC undertakes regular activities to groom the students through mock interviews, aptitude tests, group discussions, personality enhancement sessions throughout the programmes to eventually make them industry-ready. Sushant University has a strategic location and enjoys the advantage of being in the corporate hub of the Millennium City, which greatly facilitates arranging student internships and placements. It further helps in inviting industry stalwarts to share their insights about corporate life, the latest practices and contemporary industry trends.

## MORE THAN 250+ RECRUITERS

# global education

Global Education is seen as a response to the challenges of the globalized world. The world is now an interlinked hub where the events and processes of one country affect other countries, all over the world. In fact, globalization has posed many new challenges and students want to widen their horizons to access knowledge and find opportunities, to learn to live with multi-culturalism.

The university has academic collaborations with several international institutions across the globe for student exchange, joint research and training, faculty exchange, educational tours, joint conferences and Ph.D supervision.

Some of the Universities with whom the University has a collaboration are:

## INTERNATIONAL COLLABORATIONS

Come and be a part of life at Sushant University. It will leave an inspiring and positive impression on you, preparing you for a future that's bright and successful.

Every student find his/her dream stream, or a subject he/she can do justice to.

In return, we will offer you the best of faculty and joyful experiences that keep you ahead.

For Life.
