OUR LEGACY

The spirit to challenge at GNA was ignited in the year 1946, when founder Sardar Amar Singh initiated GNA Axles Ltd. with esteemed vision. The enthusiasm continued with accelerating ways of Sardar Gursaran Singh (MD), that added vitowards nation building and initiated Rear Axle Shaft Manufacturing. The years since have been a time of astounding growth, consolidation and branching out. Today over 5000 dealers are associated with this colossal tree,that has bloomed from a seedling sown over six decades ago.

The GNA Group today is amongst India's foremost and largest automotive transmission component manufacturers with the world's top most OE manufacturers as customers. The Group has one of the largest, integrated facilities of its kind in the Asian subcontinent, and comprises of 3 Group companies,

GNA Axles Ltd., GNA Gears Ltd., GNA Aviation Wing Consistently stepping up to the challenge of manufacturing products that are world-class and reliable for over 75 years, GNA is still leading to go on.

GNA University is promoted by GNA Gears Ltd. GNA Gears is known for its cutting edge technology, established quality processes and capabilities owed to a legacy of perseverance and forward looking attitude and is the preferred global gear having the supplier status. The company manufactures a wide range of Crown Wheels & Tail Pinion; Ring Gears & Epicyclic Assemblies; Transmission Gears & Shafts; Speed Gears; Differential Gears, Gear Boxes etc., Particularly for the automotive industry at a modern, integrated and largely automated manufacturing facility

This is the story of roots, the seeds of growth, the fruits of glory, and the continuous evolution that has made GNA what it is today.

OUR LEADERSHIP

I feel delighted to welcome you all to the GNA University. Our vision at GNA University is to develop a workforce having the professional

capacity which is acceptable across the globe. Once you finish your chosen area of study in the University it makes you ready for the desired employment. We ensure that your academic journey at GNA remains rich and rewarding. We at GNA University strives to provide technology driven and tech supported learning environment to enhance your experience of learning.

The University believes in bringing the industry closer and give experiences of working professionals to make the students realise about the expectations of the industry. With these thoughts, I wish all the students the very best for their journey ahead in this University.

**S. Gursaran Singh
Chancellor,
GNA University**

In the present world, there are revolutionary changes in all the learning domains. Knowledge and information are growing manifoldly. The

conventional disciplines are undergoing rapid changes. We at GNA University, are striving to bring that change in the learning and development activities of the students. To meet the expectations of the nation and aspirations of society we follow the highest institutional principles. We are committed to bring excellence in all the activities pertaining to teaching, learning, research

and administration. Learning is a gradual process and we provide the necessary environment and facilities to achieve the same. If you are also looking for excellent learning opportunities in your life, GNA University will surely be the best place to begin the next academic journey of your stupendous life.

**S. Gurdeep Singh Sihra
President and Pro Chancellor,
GNA University**

From the desk of the **Vice Chancellor**

Education plays an important role in any student's life. We at GNA University since its beginning wants to bridge the gap between academia and industry. We provide quality education to the young sparkling minds with hands on experience. Their minds are nurtured with creativity, critical thinking, thinking across the disciplines by the highly qualified faculty. Visiting faculty and eminent academicians from other Universities are also invited to bring diversity in the learning process.

We are driven by experiential learning processes imbibing amongst the students, with required employability skills, live industry projects, application based learning, and spirit of social responsibility.

Our academic curriculum is designed to meet the industry expectations. Accordingly, we have established collaborative partnerships with industry, government, and other research institutions. Our focus is to help the students in achieving the optimum growth in their lives. Students are encouraged to think innovatively and brainstorm ideas to perform the assigned tasks. This makes them not only good in academics but also successful professionals and entrepreneurs. Over the duration of their stay at GNA University, they are inspired to become ethical and responsible civilians.

With my all best wishes, we look forward to welcome you to GNA University.

Prof. (Dr.) V. K. Rattan
Vice Chancellor, GNA University

We are **GNA University**

The GNA University (GU) is a premier private university in Punjab, India. Established in 2014 through an act of the state government and approved by the UGC, it has become the chosen educational hub for a diverse community of students. With over 50 degrees and certificate courses; it has established itself as a leading university in India for business, technology, engineering and computer programs. With trained faculties, best teaching practices, and well-

equipped classrooms, the University has become a brand name for world-class education in India. It has turned itself into a leading hub of optimized life skills coaching that enables students to improve their quality of life through an eclectic blend of science, technology and humanities and approach real-life problems through innovation. The campus is spread over 50 acres amid serene and picturesque ambience that

boasts all modern educational, residential, sports, and cafeteria facilities reflecting the global benchmark in the learning excellence. A strong record of campus selection reflects the strength of our curriculum and employability, practicability and exposure our institution facilitates. It has tied up with educational institutions and industry giants to help students gain exposure to emerging technologies and always keep them au courant.

 Industry Endorsed Curriculum	 Research based teaching	 Effective teaching learning processes

#WEMAKETHE DIFFERENCE

Industry Endorsed Curriculum

GNA University is an industry backed university having close linkages with the industry of immense repute. With it's close association with the industry of immense repute, we strive to deliver the best industry exposure in the form of Guest Lectures from industry professionals and even involving them in the designing of the curriculum development to ensure the development of our students according to the corporate needs and making them industry ready.

Research based teaching

GNA University provides opportunity to acquire skills from the best faculty from academia and industry. Students are encouraged to learn the concepts through thorough research.

Effective teaching learning processes

Faculty members and students are encouraged to innovate and create new concepts, designs, projects and give solutions to the industry. Students are groomed with life skill courses like Critical Thinking, Selling Skills, Interpersonal Skills etc. to face the challenges of life.

Strong Industry Connect

Strong industry connect enables the student to get practical exposure of the industry in the form of guest lectures, industrial visits, summer and winter training.

International Immersion

GNA University has collaboration with renowned foreign universities like University of Laverne, Wichita State University that enables students to opt for semester abroad program.

Students are also sent on 15 days immersion program where they develop insight into various culture and tradition of people residing abroad

Peer learning through clubs and societies

Extra-curricular activities play a vital role in the development of the child's overall growth. GNA University has always encouraged children to explore and channelize their sporting talents through participation in a wide range of indoor and outdoor games at the University level. For children with focused interests, there are various clubs. Students can participate in outdoor sports like football, basketball, aerobics, tennis, cricket.

Campus Facilities

GNA University has state of the art campus. Students have access to well equipped labs that are developed as per industry's requirement and enables the students to get job ready.

University has good sporting facilities for the overall growth of the student.

Visiting faculty from the industry and leading academic institutions

Students of GNA University enjoy privilege of big professional network of their mentors and faculty members from industry and academia.

Live and industry projects

Students get the opportunity to work on live industry based problems and provide them with innovative solutions. Strong industry network of GNA brings the industry closer and helps the students by getting training directly from the industry experts.

Best Location

GNA University is located in the pollution free lush green vicinity surrounded with fields and having heart throbbing natural beauty.

Corporate Relations Division

GNA University is upholds strong industry relationships. We are always keen to listen more closely to the needs of the corporate partners. This thought paves our way to Corporate Interactions with the industry to reduce Industry-Academia gap. To achieve the same, Corporate Relations Division is established at GNA University. Corporate Relations Division serves as a front

door for industry to the entire University.

The CRD works close knit with the corporate sector to nurture a valuable network.

Assist corporates in Research and Development, Training and problem solving etc.

Provides opportunities to faculty and students for Live Projects, Training and Placements.

We bring industry closer to our students through-

- Participation of Industry in GU events
- Research & Consultancy Projects with Industry
- Corporate Liaisoning – Guest Lectures / Industrial Visits
- Summer Internships
- Final Placements

WE MAKE THE STUDENT JOB READY

GUEST AND VISITORS FROM THE INDUSTRY

I am thankful to GNA University for inviting me to their International Conference ICOHOST 2020., where I was amazed to interact with researchers from all around the globe. I personally congratulate the Faculty of Hospitality for organizing such informative events and would love to be connected.

Dr. Robert J. Thompson | Chair, Department of Hospitality & Tourism Management, University of Alabama, USA

GNA University is a pioneer institute that strives towards academic excellence and aims at providing the best to its students and faculty. I sincerely believe that under the esteemed leadership and the able guidance of the worthy management, GNA is definitely going to touch the limitless sky of success.

Mr. Sanjeev Bakshi | General Manager | Human Resource- Havells India Ltd.

It was pleasure to interact with students of GNA University on Engineers Day 2020. I could see a lot of confidence in the Engineering students. The technologies provided to the students at GNA University is really appreciable. The University is bridging the gap between industry and academia.

Mr. Vinod Palakkil | Regional Director | PTC

It was a pleasure to visit GNA University, I can see that the special courses are the courses of future. All the programs here are aligned with the Industrial requirement and bridge the gap between industry and academia. I am really impressed with the student's skills and proficiency in CAD/CAM/CAE and RPT technologies. This will help the students to build their career in well-defined path.

Mr. Pradeep Kumar Jain | Senior Vice President | Reliance Industries

Being an esteemed Institute of Academics and carrying a rich orientation towards Research and Development, I am pretty sure GNA University is definitely going to carve an indelible impression in the years to come. The University is single handedly devoted towards imparting value-based education and I am confident that it is going to flourish in the years to come.

Dr. Nripendra Singh | Clarion University of Pennsylvania

I interacted with the GNA University students first time. I am really impressed with the answers given by the students during the session on modern technologies. I appreciate GNA University for providing the most modern technologies to the growing engineers which will help them to achieve their desired goal in the impending future.

Mr. Nitin Malvadkar | Technical Consultant | Siemens Digital Industries Solution

Spoken Tutorial is a multi-award winning educational content portal. Here one can learn various free and open source software all by oneself. The self-paced, multi-lingual courses ensure that anybody with a computer and a desire for learning, can learn from any place, at any time and in a language of their choice. All the content published on this website are shared under the CC BY SA license.

Virtual Labs project is an initiative of Ministry of Human Resource Development (MHRD), Government of India under the aegis of National Mission on Education through Information and Communication Technology (NMEICT). This project is a consortium activity of twelve participating institutes and IIT Delhi is coordinating institute. It is a paradigm shift in ICT-based education.

PTC (NASDAQ: PTC) delivers technology solutions that transform the way companies create, operate and service their products. PTC solutions enable manufactures to develop product and service advantage in a smart, connective world.

Juniper Networks originally focused on core routers, which are used by internet service providers (ISPs) to perform IP address lookups and direct internet traffic. Juniper is the third largest market-share holder overall for routers and switches used by ISPs. GNA offers entire range of training and courses under various courses and degrees for students to be future ready.

Technology giant Cisco

continues to dominate the industry as the premier enterprise networking vendor. It's no surprise that Cisco has been one of the biggest global networking companies, growing from a seller of switches and routers to a provider of complex telecommunications, cyber security, and networking solutions since 1980s.

The Stratasys Direct Digital Manufacturing (DDM) Group is a team of experienced manufacturing technology professionals who act as a resource for manufacturers in high requirement, high-certification industries such as Aerospace and Defence.

Microchip Technology Inc. is a publicly-listed American corporation that manufactures microcontroller, mixed-signal, analog and Flash-IP integrated circuits. Microchip Technology offers support and resources to

educators, researchers and students in an effort to increase awareness and knowledge of embedded applications.

CII is a non-government, non-profit, industry-led and industry – managed organization, playing a proactive role in India's development process. Founded in 1895, India's premier business association has over 7200 members, from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 100,000 enterprises from around 242 national and regional sectoral industry bodies.

AWS is a largest market share in the world (around 64%) for cloud solutions and AWS academy's partnership with GNA University is one of its kind where students are getting certified and immediately getting placed in the latest skills.

Ui-Path is the fastest growing enterprise software company, delivering leading RPA platform alliance with GNA University offers various specialized courses integrated in various degrees of FEDA.

The Oracle Workforce Development Program (WDP) helps educational institutions around the world prepare a new generation of IT specialists to enter the workforce with the most in-demand Oracle skills. By enabling you to offer authorized Oracle training content as a part of your existing certificate, diploma, and/or degree programs, students can learn those relevant and desirable job skills required for the increasingly competitive work environment.

Blue Prism is a UK multinational software corporation that pioneered and makes enterprise robotic process automation software. The brand is the global leader in intelligent automation. Blue Prism is an RPA Tool based on Java Programming Language which holds the capability of virtual workforce powered by software robots. This helps the enterprises to automate the business operations in an agile and cost-effective manner.

EC-Council University is a premier institution of higher learning that specialises in cybersecurity technologies,

enabling its graduates to obtain advanced cyber skillsets. CEH, CHFI, CCISO, CND are ANSI accredited EC Council's Academic alliance with GNA University offers various Certifications in the field of Cyber Security that are integrated in various courses of FEDA and FCS.

Microsoft Imagine Academy

Microsoft Imagine Academy program provides educational institutions with access to a full curriculum solution for teaching technology courses and learning tools that help teachers gain technology skills, and helps students to achieve success thru employability and industry certification. 73% of new jobs in the next five years will require technology skills (Source: US-BLS Employment Projections)

Palo Alto Networks, Inc. is an American multinational cyber security company with headquarters in Santa Clara, California is at the forefront of protecting tens of thousands of organizations across clouds, networks, and mobile devices. Its core products are a platform that includes advanced firewalls and cloud-based offerings that extend those firewalls to cover other aspects of security. Palo Alto Networks certification validates an IT professional's knowledge and skills in security management.

Our Industry Linkage makes you **Job Ready**

FACULTY OF ENGINEERING, DESIGN AND AUTOMATION

With an aim to empower students to imbibe technological superiority and emerge on the global scene with astute competence, the FEDA has turned itself into a rigorous hub of excellence for manifold courses. It nurtures and mentors future technocrats through a range of programs in engineering focused on skill development, practicability and the realization of technical brilliance. The FEDA has specialized departments offering diverse graduate courses in *Aerospace Engineering, Civil Engineering,*

Computer Science and Engineering, Electronics and Communication Engineering, Mechanical & Automation Engineering, Robotics & Automation, Electronics and Computer Engineering, Big Data Analytics, IOT, Cloud Computing, Cyber Security and Bachelors of Design. It also offers certificate and diploma in a number of CAD/CAM programs. At GNA University, the course curriculum is designed to imbibe the relevant, the most prevalent and futuristic skills required in the technology industry and prepare technocrats with a top-notch education. Course content is

amplified through lectures, in cutting-edge laboratory facilities, in team-based projects, through early design experience. While students get ample chance to explore the creative world of Engineering, Designing and Automation, the faculty endows them with versatility and proficiency to compete at the international level turning themselves into harbingers of innovation, change and enterprise.

Projects are an integral part of the curriculum at GNA University and showcase our commitment to the practical demonstration. Each program is designed to provide

TRAINING PARTNERS

and many more

WHY FACULTY OF ENGINEERING, DESIGN AND AUTOMATION?

- Reboost Industrial interface
- Professionally driven faculty/experiential learning
- Choice based Academic curriculum
- International Collaborations
- Project based learning
- Industrial visits to places like Indian Space Research Organization (Vikram Sarabhai Space Exhibition Space Application Centre), Ahmedabad, Gujarat. Ralson India Ltd. BOSCH India, Jaipur, etc.

Link: <http://www.gnauniversity.edu.in/faculty-of-engineering-design-and-automation>

extraordinary learning opportunities and optimize the student's ability to acquire expertise and exploit gainful opportunities. Special care is taken to ensure our students stand among the best in competitions worldwide for career and success in the field of Engineering. Training in communication skills, interpersonal relations, interactivity, leadership, and other life-skill areas help them achieve the desired goal. An endeavour by GNA Gears, a

name in the engineering and technology sector to reckon with, GNA University presents itself as a natural choice for aspiring technocrats. The background plays an important role in allowing students at this leading engineering university of North India to gain more, better and extensive exposure to industries and plants. It also provides a reliable platform to study, gain the first-hand experience and stay abreast of the latest trends and technologies. Collaboration with IIT Delhi, EC-Council University (US), AWS

Academy etc. has made our programs industry relevant. Tie-Ups with software providers, such as PTC University USA (CREO Parametric), Dassault Systemes(CATIA), Autodesk USA (ARC), SIEMENS PLM (NX and SolidEdge), Festo GERMANY (Fluid Sim and Ciro) and Stratasys USA for RPT Solution, allows GNA University to make its CAD/CAM/CAE/PLMS/FDM courses among the best in India.

STUDENT TESTIMONIAL

Kajal
Faculty of Engineering,
Design and Automation

I, Kajal, Completed my B.Tech. in Aerospace Engineering from the GNA University Phagwara from 2016-20, currently working as Project Associate CSIR-NAL (NATIONAL AEROSPACE LABORATORY). GU is a blend of technical learning, developing ethics, and integration of enduring principles. As an Aerospace Engineering student, I would say, the department provides a wide arena of the fields of study of Aerospace.

INDUSTRY EXPERT TESTIMONIAL

Dr. Carlos J. Ochoa Fernandez
CEO & Founder, Chairman
ONE Digital Consulting, Spain

In a pursuit to bridge the gap between academia and industry, GNA University has tied-up with leading Multinational corporates to setup multifaceted industry-sponsored infrastructure. These corporate tie-ups play a crucial role in elevating the capabilities of the students and faculty members through various training activities. My best wishes to the faculty and students of the University.

Innovations

GO-KART

A complete engineering marvel has been developed by GNA University's Engineering students. The kart is fully manufactured at GNA University under scrupulous the guidance of GNA Gears Pvt. Ltd. The Kart is IoT enabled having Google Voice Assistant to elaborate its technical specifications.

PORTABLE VENTILATOR MACHINE

Department of Mechanical and Automation Engineering developed Portable Ventilator Machine during the Covid-19. This machine has special mechanism which adjusts the stroke length according to the human breathing rate.

SMART IRRIGATION SYSTEM USING INTERNET OF THINGS (IoT)

A solution to all irrigation problems with the help of IoT, where a smart system can detect the moisture and provide an adequate amount of water to plants/fields. The device can be controlled using IoT.

E-BIKE

Centre for Innovation (GU-CI) student developed an Ebike from scratch which can be served for day to day local commute.

SELF-PROPELLED ONION HARVESTER

Onion harvester is a hydrostatic self-propelled machine system to collect sieve through revolving rollers. Rubber toe is able to pick up even the most delicate onion skin with an equal or higher quality than manual collection. This vehicle has special technology to detect the moisture of soil before digging

INNOVATIVE SYSTEM TO PREVENT THE ACCIDENT OF OVERLOADED VEHICLES

A system is developed by the Centre for Innovation (GU-CI) for trucks that will not allow trucks to start if they are overloaded. An alarming system will also flash the warning. This can protect against various accidents that happen only due to overloading.

SURVEILLANCE ROVER WITH AUTOMATIC DUST MECHANISM

Department of Aerospace Engineering, has developed a prototype of surveillance robot which can remove dust from its solar panel automatically, which increase the life and efficiency of the robots.

ULTRA LIGHT AIRCRAFT(UAL)

Department of Aerospace Engineering, has developed a working model of UAL whose design is inspired from World War-I and World War-II aircrafts.

GNA BUSINESS SCHOOL

GNA Business School (GBS) focuses on three key areas – inculcation of entrepreneurial aptitude, development of business acumen and infusion of management training at the highest level to prepare future executives so as to steer them to the world of enterprises. With a curriculum that reflects both present and future business demands and a teaching that empowers students, it offers a learning experience with wide exposure to practical and upcoming business perspectives. GBS students have access to well-rounded and comprehensive learning program that enables

them to imbibe latest business ideas, needs and developments. Expert faculty and industry partnership helps us cater to the needs of a broad and diverse student group in the campus. It facilitates their exposure through internships and live industry projects and assists them in identifying interests and opportunities. The variety of elective courses on offer includes subjects such as Accounting, Marketing, Finance and HR, which are key to direct, control and excel in the modern business requirements. We encourage budding executives to acquire business intelligence

through practical awareness necessary to master the art of management. The courses also provide an exclusive basis to integrate the knowledge of different commercial facets and business aspects significant to survive and prosper in this competitive world. Our coverage extends to both organized and unorganized sectors and pays attention to churn out effective leaders capable to develop successful business models. We make students prepare to take upon the full range of business functions and meet challenges at any point in their career.

TRAINING PARTNERS

Finance Leadership Program

The Chartered Institute of Management Accountants, incorporated and registered in England and Wales and GNA University has entered into an agreement which allows students of GNA University to enrol onto the CGMA Finance Leadership Programme (FLP) to obtain a CIMA Qualification. You'll learn the finance, business, digital, people and leadership skills that employers are looking for, today and in the future.

STUDENT TESTIMONIAL

Simran Randhawa
GNA Business School

I at GBS, GNA University have had a first-hand experience of what growth, hard work and determination can develop a student into. GBS has provided me with ample of opportunities that catered to my holistic, intellectual and educational growth. Be it the Case Study discussion, Industrial Visits or Online Learning, GBS has left no stone unturned to craft me into a growth oriented individual.

INDUSTRY EXPERT TESTIMONIAL

Mr. Atin Khanna
Vice President & Priority Circle Manager,
Kotak Mahindra Bank,
Noida, UP

It is my privilege to be associated with such a renewed institution that gives me great sense of accomplishment. GNA University definitely strives to create future intellectuals and I am of the firm opinion that it is going to grow richer and is going to prosper in the coming time.

FACULTY OF COMPUTATIONAL SCIENCE

Faculty of Computational Science provides a unique learning environment, up to date curricula and pedagogy in the computer science and information technology discipline, in which students can draw academic expertise and high quality research to develop a deep understanding of their subjects. Faculty of Computational Science strives to achieve excellent standards of quality education by keeping pace with rapidly changing technologies & create computer professionals of global standards with capability of accepting new challenges in the area of emerging fields like

Artificial Intelligence, Internet of Things, Cyber Security, Ethical Hacking and Digital Marketing.

Faculty of Computational Science is committed to enable students to be self-sufficient as successful entrepreneur and professionally ready for the job market. The curriculum is designed to address new challenges in advanced computing and to realize the potential of computing in artificial intelligence, cloud, big data, advance algorithms, systems, architecture and networking. A thriving research environment, state-of-the-art labs and accommodating smart teaching

with audio, video visual aid encourages, students to gain hands-on experience at both graduate and post-graduate level.

Programs like MCA, BCA and B.Sc. (IT) provide unique blend of foundational courses and practical work through a series of projects and will gain a broad understanding of the world of IT and Business. Thus they will be both 'business-savvy' and 'tech-savvy'. All the Degrees are combinations of highly paid and exciting careers.

TRAINING PARTNERS

WHY FACULTY OF COMPUTATIONAL SCIENCE?

- Wide range of industry accepted courses
- Well equipped dedicated Labs
- Job oriented industry certifications
- Special Sessions and classes on analytical skills
- Global and domestic internships
- Online certifications from IIT Mumbai
- To polish technical skills which are pertinent to the field job

Muskan
Faculty of
Computational Science

GNA University offers a sea of opportunities with the practical time bounded managerial experience all through the course. A place to get involved and explore your passion with the great support from the high profiled faculty team and the strong alumni network.

INDUSTRY EXPERT TESTIMONIAL

Dr. Raman Kumar Goyal
Assistant Professor
Thapar university, Patiala

"I always like to operate the camera myself, so the quality of the viewfinder is important to me and I'm impressed with the ALEX's viewfinder. "Alexa was so amazing. GNA University students are interact very well.

FACULTY OF HOSPITALITY

The Faculty of Hospitality (FOH) at GNA University has set a trend in creating empowered leaders for the Hospitality and Tourism industry with a commitment to maintain the highest international standards. The quality of education underlined by the efforts to achieve excellence in both professional and personal spheres augments their career prospective and boosts expert quotient. Focus remains on imparting students with skills that convert them into the highest-quality captains able to match the expectations and successfully steer through the emerging and existing business challenges in the

hospitality sector. FOH has an extensive and well-structured internship program that provides students a platform to work with top industry players and learn from the best. FOH stands out for its forward-thinking, attention to excellence, diversity, relevance and the industry reach. It fully recognizes the human resource quality and skill required by the hospitality industry now and for the foreseeable future and prepares enrolled students with the most forward-thinking attributes complementing teamwork, leadership, and service etiquette. FOH further enrich their learning

process through experiential, collaborative and innovative approaches to enhance students' analytical and decision-making skills. The strong accolades and links of the university with top quality hotel industry provide students an opportunity to dive into the world of hospitality with an insight into the subject. FOH has state-of-the-art infrastructure, including AC classrooms, studio kitchen, training restaurant and kitchen, chef's lounge, library and campus facilities.

STUDENT TESTIMONIAL

Paria
Faculty of Hospitality

I am happy to be part of GNA University and envision myself as a manager in a 5-star hotel in coming days. GNA University actually provides the best practical learning environment which is not only focused but also enjoyable. We also get exposure from leading hotels and placement opportunities across the globe.

INDUSTRY EXPERT TESTIMONIAL

Chef Toshit Sharma
Corporate Chef
Rational International, India

I was absolutely delighted after the interaction with Hospitality students of GNA University. The confidence & skills of students clearly shows that GNA is on the right track. I wish GNA all the best for its future endeavors.

FACULTY OF ANIMATION AND MULTIMEDIA

The Faculty of Animation and Multimedia (FAM) at GNA University provides an understanding in the principles and processes of animation film with practical learning. It enables proficiency in students to handle and deliver industry standard projects/outputs. FAM offers an excellent opportunity to the students to gain specialization such as Computer Graphics (CG) Assets and Visual effects (VFX) in choice of their field in the media industry. We provide a perfect launch-pad to the Undergraduate and Post-graduate students towards a successful career in Visual effects for Films and Television, and emerging applications for

2D,3D Visualization and Animation. The comprehensive programs of FAM cover the fundamentals of Art, Animation Design and Visual Effects, and subsequent application of these basics to 2D, 3D Modelling, Photography, compositing, matchmoving, Graphic designing, Character Animation, Character Rigging, Texturing and Lighting, Compositing, Visual Effects to name a few. FAM offers vast array of job opportunities to the students through our impressive industrial network. We, through perfect blend of academics and industrial training program, make sure that our budding professionals to be innovative,

imaginative and are prepared well to face the challenges posed by the industry, which in turn will help them in building their dream career in the field of animation and multimedia. The Faculty of Animation and Multimedia, includes the Software engagement, advancements in technologies, hands-on practice, and building a constant vision to be creative in their work. Our department provides a perfect platform to the young minds in their formative years to take their artistic vision in new direction to shape their future. The students get an opportunity to improve their creative visions through the interactive session with

WHY FACULTY OF ANIMATION AND MULTIMEDIA?

- Hands on experience on live industry projects at GNA Consultancy Studio which is a multi dimensional Media & Creative House.
- Industry endorsed curriculum & Tie-ups with some of the leading brands.
- Practical training of the latest software and techniques in MAC Lab.
- Time to Time Interaction with Industry Experts to get a better view about the Industry.
- Well Equipped Photography Studio and Equipments for Photography
- Practical Curriculum to meet Industry standards and Requirements, locally and Globally.

FACULTY OF NATURAL SCIENCES

Faculty of Natural Sciences has been established with the commitment to excellence in teaching and learning. We at GNA University offers graduate and post graduate programs. The department promotes education in science which can relate theoretical knowledge with hands on practice in practical application in laboratories. The department

aims to produce skilled workforce and researchers who can innovate, invent and further disseminate the knowledge to the society and the mankind. We provide a component of education that help students to contribute intelligently to the discussions and decision making that characterize scientific and technological age. We strive to provide this

component in a manner that equips our students, regardless of the venue in which we interact with them, with the scientific and analytical tools. The department conducts various guest lectures and industrial visits for the students so they can learn about working culture of labs and industries.

FACULTY OF APPLIED HEALTH SCIENCES

Faculty of Applied Health Science offers courses in Physiotherapy and Medical lab technology. The Department is committed to improve the quality of life for individuals and communities through innovative education and research activities. Applied Health Science is a leader in the development of strategies that prevent disease and injury, protect and promote healthy living, optimize physical ability,

and improve well-being across the life course. Whether your interest lies in improving the quality of life for individuals or making your community a healthier place to live. Also, Medical Laboratory Technology Science helps to diagnose, treat and prevent diseases through clinical laboratory tests. It is complementary to medical science. It involves analysis of

body matter such as fluid, tissue, and blood. It also covers micro-organism screening, chemical analyses, and cell count. Graduates from the programs will be well-prepared for careers in academic, private and government sectors. Studying Applied Health Sciences at GNA University will put you on the path to a rewarding career.

FACULTY OF LIBERAL ARTS

The Faculty of Liberal Arts at GNA University is being planned and designed to foster the education for leading roles in the global community by sticking to the language, which is the starting point of knowledge. The Faculty of Liberal Arts educates the students for a well-developed program of studies, to evaluate ideas and values from a humanistic and a theoretical cum critical perspective. Along with the in-depth study of the culture and literature of other lands and times, language studies are integrated with the various fields of linguistics. Thus, understanding language in all its forms, styles,

and uses ultimately leads to successful cross-cultural communication and more authentic relationships among people. The aim is to produce graduates who are sensitive to the needs of the world community, open to explore new ways to improve life, and ready to approach problems with an intercultural perspective. The Faculty of Liberal Arts is a home to the new inter-departmental program of BA English Honours spicing up with a sheer mix of English Language & Literature. cross-cultural communication and more authentic relationships among people. The curriculum

encourages exploration across disciplines, while providing a central academic experience for students. Diverse range of subjects help students to question critically and think broadly, exploring the history of ideas and methodologies across the humanities and the arts. By developing advanced language skills, outstanding expertise and proficiency in intercultural communication, FLA nurtures “globally competent” individuals who can play active roles in international organizations, multinational enterprises, and other globally active organizations.

FACULTY OF PHYSICAL EDUCATION AND SPORTS

Faculty of Physical Education & Sports (FPES) at GNA University is being planned and designed to foster a range of physical activities within, and beyond, the curriculum to engage students in purposeful, worthwhile, enjoyable and enriching learning experience. The programs in Physical Education and Sports have been designed to focus on expertise in games, sports, physical activities, mental growth, health and overall personality development of the

students by offering a highly diverse range of applied sports science subjects and game specialization etc. The program aims to increase attention on expertise in games and sports, physical activities, mental growth, health and holistic development by being active learners of fitness concepts and by developing good social skills, and maintaining a positive self-concept. The Faculty is committed to train students

not only physically but also psychologically and emotionally to prepare them to give their best in today's competitive world. The Faculty of Physical Education & Sports has the potential of developing the career not only in India but also in abroad with career options such as Sports Coach, Fitness Expert, Sports Nutrition Expert, Sports Scientist and Sport Engineers

Financial Assistance

Financial assistance helps students and their families to get education even if there exists some financial hurdles otherwise. This Financial Assistance covers educational expenses of tuition fees. There are several types of financial assistance for the meritorious students, children of defense personnel, single girl child, children of GNA Group employees and for sports students who have outperformed

in their specific sport. Financial aid awards may include a combination of the various types of aid. Financial assistance is also provided to the students who take GU- Scholarship Eligibility Test. The prospective student can also apply for education loan to the banks under the RBI guidelines.

EDUCATION LOANS -

You can apply for an education loan to cover the full cost of your

fee under the current education loan scheme. This loan is repaid gradually once the student will be working.

DOMESTIC STUDENTS SCHOLARSHIP -

With the objective of encouraging meritorious students and academic excellence, scholarship is offered to the deserving students of the University.

Scholarships are announced every year for the students

GU SCHOLARSHIP FOR MERITORIOUS STUDENTS

Campus Life

A vast range of cultural, educational, athletic and social activities are available to GNA university students, faculty and staff. Getting involved in campus life is the quickest way to become a part of the University community, and to create one's own GNA experience. Campus life activities are built around the concepts of encouraging each community member to express his or her talents and to respect all members of our pluralistic community. Living and learning are intimately intertwined at our University campus. Extra-curricular programs, organizations, performances, forums and athletics beckon students, faculty and staff, as well as neighbors from the communities around us. Our University campus boasts of a world-class infrastructure comprising unsurpassed facilities to ensure contented environment to our students for enabling them to derive the utmost from what we have to offer. What makes a GUite different is the vibrant campus life of GNA University.

National Cadet Corps

Motto: Unity and discipline
Website: <http://nccindia.nic.in/en>

NCC aims at developing character, comradeship, discipline, a secular outlook, the spirit of adventure and ideals of selfless service amongst young citizens. Further, it aims at creating a pool of organized, trained and motivated youth with leadership qualities in all the walks of life, who will serve the Nation regardless of whatever career they choose. Needless to say, the NCC also provides an environment conducive to motivate young Indians to join the armed forces. The NCC is not a para-military organisation. It is a youth movement. It has enormous potential for nation building and has developed into a valuable auxiliary to the education system. Nearly 12,000 teachers/professors from the educational institutions all over the country, referred to as Associate NCC Officers, constitute the back bone of NCC training staff. The NCC provides exposure to the cadets in a wide range of activities, with a direct emphasis on social service, discipline and adventure training. With the motto "Unity and Discipline", NCC continues to inspire generations of students all over the country.

NCC Wing at GNA University

NCC is one of the biggest youth forums which brings the vibrant students together and guide them in a proper direction so that they can play a constructive role in the development of the country. These students have enormous opportunities to show their talent and skill. Besides Military Training, they have an opportunity for adventurous activities which give them wide horizon and keep them morally and mentally fit so that they become a well-disciplined citizen of the society. The students pursue adventure activities like para sailing, gliding, para dropping, training camp, national integration camps, rock climbing and mountaineering activities boat pulling/sailing and ship modelling.

Few of the GNA NCC Activities during academic year 2019-2020

National Service Scheme

Motto: Not me but you
Website: <https://nss.gov.in>

With the goal to work for the betterment of society and instill the spirit of social service among the young students, the University has established NSS at institute level, headed by Dean of Students Welfare. GNA has one unit of NSS which undertakes comprehensive projects in close collaboration with the community. Student volunteers actively carry out programmes like emergency relief, campus projects, blood donation camps, eye camps, informative lectures on human values, surveys and other such events are organized regularly. PRERNA- GNAs Social Service Club is there with a vision to help and serve the people with less resources and deserving sections of the society.

PRERNA provides significant care and relief for the people who are oppressed, and belong to the downtrodden and marginalised society, and totally disadvantaged. PRERNA is also dedicated to address the issues involving environmental and social concerns.

At GU, village adoption program is initiated to develop the selected

villages in an integrated manner and to create awareness in the village and play effective leadership role in various developmental activities. This would include socio-economic development of the selected villages along with other aspects of human development i.e., Health, education, water supply, sanitation, skill development and employment, sports and women and child development issues etc. The aim of adoption of village is to give ideas of development to the villagers which would improve their living conditions. We will educate villagers about the latest developments in agriculture, wastelands development, sanitation, nutrition and personal hygiene, schemes for skill development, income generation, government schemes, legal aid etc.

Five villages are adopted by GNA University under the IVDP program :

- Ranipur
- Lakhpur
- Rawalpindi
- Dhaddey
- Khatti

Anti Ragging Cell

"RAGGING IS A REPRIHENSIBLE ACT"

...No act of Ragging would be tolerated...

...Any act of Ragging would not go unnoticed and unpunished...

The Apex Court has defined 'ragging' as any disorderly conduct whether by words spoken or written or by an act having an effect of teasing, treating or handling with rudeness any other student, including in rowdy or indisciplined activities which cause or is likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof, in a fresher or junior student; or asking the student to do any act or perform something which such student will not do in the ordinary course; or which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of a fresher or a junior student."

Participation in/or Abetment of Ragging at GU may lead to:

- Cancellation of Admission
- Suspension from Attending Classes.
- Withholding/withdrawing scholarship/fellowship and other benefits.

- Debarring from appearing in any test/examination or other evaluation process.
- Withholding Results
- Debarring from representing the institution in any national or international meet, tournament, youth festival, etc.
- Suspension/expulsion from the hostel
- Rustication from the institution for periods varying from 1 to 4 semesters or equivalent period.
- Expulsion from the institution and consequent debarring from admission to any other institution.
- Fine up to Rs. 25,000/-

In emergency, the following may be contacted :

Mr. Kunal Bains, Deputy Registrar (Admin) – 08558894203

Mr. Sameer Varma , Assistant Dean (Student Welfare Department) – 9915604444

National Anti Ragging Help Line No. : Toll Free Number* 1800-180-5522 or email at helpline@antiragging.in

Grievance Redressal Cell

As per the regulations on Grievance Redressal 2012, issued vide the Gazette of India on 23 March 2013, GNA University has set up a Grievance Redressal Mechanism to address the complaints / grievances of students and staff in judicious manner. All the complaints which may affect the performance and general development of a student are admitted for redressal.

Grievance Redressal Mechanism For Students

1. The first instance the grievance of students will be settled at the Departmental level by the Head of the Department or Dean of the Faculty. An aggrieved student would be required to submit his/her complaint in writing.
2. Any grievance related to Hostels shall be first considered by the Chief Warden/ Dean and the Students Welfare.
3. In case a student is not satisfied, or the grievance remain unattended, he/ she may represent his/ her case to the Registrar (through the Head/ Dean of the Faculty), or through Dean Student Welfare. In case of a grievance regarding Hostel student can submit his grievance in writing to the warden in writing who will forward the same to the Grievance Redressal Committee

for necessary action.

Procedure for submission of complaints, if the complainant is not satisfied at the Dean/Head level:

1. Any aggrieved student may submit an application by giving details along with supporting documents of the complainant addressed to the Chairman of the Grievance Redressal Committee. The application may be handed over to the Registrar. The registrar office would be responsible for forwarding the application to the Chairman.

Procedure to be adopted by Grievance Redressal Committee :

1. The Grievance Redressal committee shall fix a date of hearing the complaint.
2. The date of hearing shall be communicated to Registrar and the aggrieved person either in writing or electronically.
3. An aggrieved student may appear in person
4. Grievance Redressal Committee shall ensure speedy disposal of every application within a months time.
5. In the conclusion of proceedings, the Grievance Redressal committee shall pass such order as it may deem fit to redress the complaint.

Caste Based Discrimination

STOP CASTE BASED DISCRIMINATION

As per the directions of UGC, internal committee has been constituted and to ensure that

officials/faculty members should refrain from any act of discrimination against SC/ST students on grounds of their social origin. They would need to understand the terms of the letter from UGC in word and spirit and initiate continuous actions to ensure that no officials or faculty members should indulge in any kind of discrimination against any community or category of students . Sensitizing officials/faculty members of the campus while dealing with cases of caste based discrimination would also be the responsibility of the committee. Time bound and required actions would need to be initiated whenever necessary.

Refund Policy

Admission Withdrawal & Refund Policy

- All applications for withdrawal/refund shall be submitted to the Office of Registrar Only.
- Such applications shall be accepted only on the prescribed format and duly acknowledged by the Accounts Manager mentioning the date of receipt of application.
- Duly filled form along with original copy of the receipt of the fee deposited shall be deposited to the Office of the Registrar.

Refund Rule for Course Fee

S. No.	Percentage of Refund of Aggregate fees*	Point of time when notice of withdrawal of admission is served to University
1.	100%	15 days before the formally-notified last date of admission
2.	80%	Not more than 15 days after the formally-notified last date of admission
3.	50%	More than 15 days but less than 30 days after formally-notified last date of admission
4.	0%	More than 30 days after formally notified last date of admission

*(Inclusive of course fees and non-tuition fees but exclusive of caution money and security deposit)

GNA University shall deduct 10% of the aggregate fees as processing charges in case of serial number 1 mentioned in Table above from the refundable amount.

In such cases, the refund of fee shall be made, through cheque / NEFT in favour of the Candidate only.

Note : For online payments, it is important for candidates to note the transaction number for future reference and request for any type of refund, for whatsoever reason, will be at the sole discretion of the University.

UNIVERSITY OF ASPIRING MINDS

Stay in Punjab

THE **GLOBAL UNIVERSITY**
with innovative curriculum in lush green environment.

Punjab is a state in northwest region of India and is one of the most prosperous states. The name Punjab is made of two words Punj (Five) + Aab (Water) i.e. land of five rivers. The Punjab State is divided into three regions: Majha, Doaba and Malwa. Agriculture is the mainstay of Punjab's economy. Other major industries include manufacturing of scientific instruments, electrical

goods tractors, auto components, sports goods, hand tools, machine tools, textiles, sewing machines etc. The state has a balanced amalgamation of heat in summer, rain in monsoon and cold in winter. The three seasons are so distinctly distributed that you can enjoy each of them individually.

GNA University, Phagwara, Punjab, India
Phagwara is a city in Kapurthala district in the central part of Punjab - located in the Doaba region of the Indian state of Punjab.
